## Product Description

Portable PCI EMV fully certified electronic payment terminal SUNMI P2 Smart Payment Pos

### PRODUCT DESCRIPTION:

Sunmi P2 is a Cost-effective but high performance smart payment terminal. Latest Android 11 OS, smart payment pos with 5.5 inch Touch screen, NFC reader, all types of bank card slot, camera, 4G/3G/2G/BT/WIFI, Removable LiPo battery 7.6V/2540mAh, equal to 3.8V 5080mAh, enable the long time using.

### Features:

1. High-speed Printing. With an inbuilt 58mm Seiko thermal printer, P2 delivers excellent printing quality smoothly and swiftly.
2. Front and Rear Cameras. P2 is equipped with an UnionPay certified front camera for facial recognition payment and a rear camera for QR code payment.
3. Removable Battery. The removable LiPo battery offers a higher flexibility for multi-shift operations.
4. A charging cradles supporting USB OTG and Ethernet (optional).
5. Lightweight and sleek body. The 5.5" HD screen, thin design, and slip-resistant rear cover make it the best choice for merchants.
6. Support all the electronic payment methods: magnetic strip card, IC card, NFC and QR code
7. Two SIM card slot, more reliable network
8. Fingerprint function optional

### Certifications:

Fully certified payment terminal:  
UnionPay Network Access License
