## Applications:

The Sunmi D3mini is perfect for restaurants, cafes, and other food establishments as it comes with a 10.1-inch screen that displays menus, orders, and bills. This all-in-one touch POS system is powered by Android, making it easy to use and navigate. It is also equipped with 2.4GHz and 5GHz WIFI, ensuring fast and reliable connectivity.

With its built-in scanner for 1D/2D barcode reading, the Sunmi D3mini makes inventory management a breeze. The scanner can read different types of barcodes, ensuring that businesses can easily track their stocks and supplies.

The Sunmi D3mini also comes with a card reader that supports TypeA&B Card, Mifare Card, and Felica Card. It complies with ISO/IEC 14443 and ISO 15693 standards, ensuring that businesses can accept different types of payments from their customers.

The Sunmi D3mini is GMS certified, ensuring that businesses can use it with peace of mind. It is also CE, FCC, RoHs, and MSDS certified, ensuring that it meets international standards for safety and quality.

The minimum order quantity for the Sunmi D3mini is 2, and the price can be negotiated. It comes in a carton package and can be delivered within 4-8 business days. Payment terms can be done through T/T or L/C, and the supply ability is 15000 pieces per month.

In conclusion, the Sunmi D3mini is an all-in-one Android POS system that is perfect for different businesses. Its features make it easy to use, efficient, and effective, making it a must-have for businesses that want to streamline their operations.

## Support and Services:

Our All in one POS product comes with comprehensive technical support and services to ensure smooth operation and maximum productivity. Our technical support team is available 24/7 to assist with any issues or concerns you may have with the product.

We offer a range of services including installation, training, and maintenance to ensure your POS system is set up correctly and functioning efficiently. Our team can also provide customization and integration services to tailor the POS system to your specific business needs.

In addition, we regularly release software updates to enhance the functionality and security of the product. Our team can also assist with data migration and backup to ensure your valuable business data is always safe and accessible.
