Product Description

Product Description:

One of the key features of the Data Collector is its optional Zebra& Honeywell scanner, which provides even more scanning power and flexibility. Whether you need to scan traditional barcodes or more complex codes like QR codes, this device has you covered.

In addition to its scanning capabilities, the Data Collector also comes with a variety of other features that make it a valuable tool for businesses. For example, the device includes two microphones, which can be used for voice commands or recording notes. This is particularly useful for workers who need to keep their hands free while they work.

The Data Collector runs on Android 11 Sunmi OS, which is a powerful and user-friendly operating system that provides access to a wide range of apps and features. This makes it easy to customize the device to meet your specific needs, whether you're using it for inventory management, data collection, or other tasks.

Another key feature of the Data Collector is its battery life. The device comes with a removable polymer lithium battery that provides up to 5000mAh of power, ensuring that it can last for a full day of use without needing to be recharged. Additionally, the device includes an optional non-removable small battery with 60mAh capacity.

Finally, the Data Collector comes with an optional charging base, which makes it easy to keep the device charged and ready to use. This is particularly useful for businesses that need to keep multiple devices charged and ready for use at all times. Overall, the Data Collector is a powerful and versatile data collection device that is ideal for businesses in a wide range of industries. Whether you need to track inventory, collect data, or perform other tasks, this device is an excellent choice. And with its Bluetooth capabilities, it can easily connect to other devices and systems, making it a valuable tool for any business.

Features:

Product Name: Data Collector
Item name: Pda Scanner
Camera: Rear: 13MP AF Front: 5MP FF Rear Camera For 1D / 2D Barcode Scanning
Product: Pda Barcode Scanners
Microphone: 2* MIC
Using industrial: Widely Used In Warehouse For Stock Inventory , Used In Clothing Shop , Logistic Industrial
This portable data collector is a rugged android device that can be used as a barcode PDA scanner. It comes equipped with a rear 13MP camera and a front 5MP camera, which is perfect for 1D/2D barcode scanning. Additionally, it has two microphones and is widely used in the warehouse for stock inventory, clothing shops, and logistics industries.

Technical Parameters:

Product	PDA Barcode Scanners
Keyword	RFID PDA, Handheld Android PDA, Handheld Data Collector
Battery	Removable Polymer Lithium Battery, 3.8V/5000mAh Non-removable Small Battery 60mAh (optional)
Screen	4"HD, 800x480 Capacitive IPS
Camera	Rear: 13MP AF Front: 5MP FF Rear Camera For 1D / 2D Barcode Scanning
Processor	Octa-core Processor
Operation System	Android 11 Sunmi OS
Memory	2GB RAM+32GB ROM, 2GB RAM+16GB ROM
Microphone	2* MIC
NFC	Supports TypeA&B Card Mifare Card, Felica Card ISO/IEC 14443 And ISO15693 Compliant

Applications:

The Sunmi L2KS is equipped with an Android 11 Sunmi OS, making it a reliable and efficient device for collecting and managing data. It has a memory of 2GB RAM+32GB ROM or 2GB RAM+16GB ROM, providing ample space for storing important data. A charging base is optional, allowing for easier charging and better battery life.

Product Application Occasions

- Inventory management in warehouses
- Asset tracking in manufacturing plants
- Order picking in retail stores
- Stocktaking in supermarkets
- Delivery management in logistics
- Quality control in production lines

With its rugged design, the Sunmi L2KS can withstand harsh environments and is suitable for both indoor and outdoor use. Its compact size and lightweight design make it easy to carry around and use for extended periods of time.

Product Scenarios

The Sunmi L2KS is perfect for use in the following scenarios:

- Scanning barcodes and QR codes for inventory management
- Collecting data on production lines
- Checking prices and stock levels in retail stores
- Updating delivery information on the go
- Tracking assets in real-time

With a supply ability of 20000 pieces per month, the Sunmi L2KS is a versatile and reliable data collector that can help streamline operations and increase efficiency in various industries. It can be purchased with payment terms of T/T or L/C, and delivery time is 4-7 working days.

Customization:

Brand Name: Sunmi
Model Number: L2KS

Place of Origin: China
Certification: CE, FCC, RoHs, MSDS
Minimum Order Quantity: 1
Price: to be negotiated
Packaging Details: 1pc/box,15pcs/carton
Delivery Time: 4 - 7 working days
Payment Terms: T/T, L/C
Supply Ability: 20000 pieces per month
Charging base: Charging Base Optional
NFC: Supports TypeA&B Card Mifare Card, Felica Card ISO/IEC 14443 And ISO15693 Compliant
Trigger handle: Trigger Handle For Option
Battery: Removable Polymer Lithium Battery, 3.8V/5000mAh Non-removable Small Battery 60mAh (optional)
Operation system: Android 11 Sunmi OS
Customizable features: UHF data collector, portable data collector

Support and Services:

The Data Collector product offers technical support and services to ensure optimal performance and reliability. Our team of experts is available to assist with any issues you may encounter, including:

- Installation and setup
- Configuration and customization
- Troubleshooting and problem resolution
- Software updates and upgrades
- Integration with other systems

We also offer training and consulting services to help you get the most out of your Data Collector product. Our goal is to provide you with a seamless and hassle-free experience, so you can focus on your business operations.

Packing and Shipping:

Product Packaging:

The data collector will be packaged in a sturdy cardboard box with foam inserts to ensure maximum protection during shipping. The box will also include an instruction manual and a USB cable for connecting the device to a computer.

Shipping:

The data collector will be shipped via standard ground delivery within the United States. Shipping costs will be calculated at checkout and may vary depending on the destination. International shipping is not currently available for this product.
