Basic Information

- Place of Origin: China
- Brand Name: Sunmi
- Certification: CE , FCC , RoHs , MSDS
- Model Number: L2KS
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: 1pc/box,15pcs /carton
- Delivery Time: 4 - 7 working days
- Payment Terms: T/T, L/C
- Supply Ability: 20000 pieces per month

Product Specification

- Charging Base: Charging Base Optional
- Camera: Rear: 13MP AF Front: 5MP FF Rear Camera For 1D / 2D Barcode Scanning
- Name: Digital Display Data Collector
- Operation System: Android 11 Sunmi OS
- Battery: Removable Polymer Lithium Battery, 3.8V/5000mAh Non-removable Small Battery 60mAh (optional)
- Screen: 4"HD, 800x480 Capacitive IPS
- Product: Pda Barcode Scanners
- Keyword: Pda Android 11
- Highlight: **13MP Rear Camera PDA Barcode Scanners, Removable Battery PDA Barcode Scanners, Removable Battery PDA Scanner**

Product Description

Product Description:

The trigger handle option on this data collector allows for quick and easy scanning, making it ideal for busy work environments where time is of the essence. The handle is also ergonomically designed for comfortable use, reducing the risk of repetitive strain injuries.

Our data collector OEM solution provides a high level of customization, allowing you to tailor the device to your specific business needs. With a range of optional features, including RFID, barcode scanning, and GPS, this data collector can be configured to suit your requirements.

The IP68 protection standard on this device ensures that it is protected against dust, dirt, and water, making it durable and long-lasting. The rugged design of this data collector means that it can withstand harsh working conditions, making it ideal for use in industrial environments.

Using the keyword PDA Android 11, this mobile data collector is sure to meet all your business needs. Its intuitive and easy-to-use interface is perfect for quick and efficient data collection, while the durable design ensures that it can withstand even the toughest working conditions.

Feature: Android Pda Barcode Scanner

Processor: Octa-core Processor
Item name: Pda Scanner
Battery: Removable Polymer Lithium Battery, 3.8V/5000mAh Non-removable Small Battery 60mAh (optional)
Wireless Handheld Data Collector
Data Collector OEM
Digital Display Data Collector

Technical Parameters:

Model	Sunmi L2Ks
NFC	Supports TypeA&B Card Mifare Card, Felica Card ISO/IEC 14443 And ISO15693 Compliant
Scanner	Professional Scan Engine (Optional Zebra& Honeywell)
Keyword	Pda Android 11
Screen	4"HD, 800x480 Capacitive IPS
Camera	Rear: 13MP AF Front: 5MP FF Rear Camera For 1D / 2D Barcode Scanning
Microphone	2* MIC
Trigger handle	Trigger Handle For Option
Memory	2GB RAM+32GB ROM , 2GB RAM+16GB ROM
Feature	Android Pda Barcode Scanner

Applications:

The Sunmi L2KS is a versatile and efficient data collector that is widely used in various industries. This UHF data collector is a PDA rug handheld that operates on the Android platform, making it easy to use and customize according to your specific needs.

The Sunmi L2KS is certified by CE, FCC, RoHs, and MSDS, ensuring that it meets the highest quality and safety standards. It has a minimum order quantity of 1 and a negotiable price, making it accessible to both small and large businesses. The packaging details include 1pc/box and 15pcs/carton, and the delivery time is between 4-7 working days. Payment terms are T/T and L/C, and the supply ability is 20,000 pieces per month.

The Sunmi L2KS is equipped with a professional scan engine (Optional Zebra & Honeywell) that ensures fast and accurate scanning of 1D/2D barcodes. It also has a rear camera of 13MP AF and a front camera of 5MP FF, making it easy to take pictures and scan barcodes.

This PDA barcode scanner is perfect for use in various scenarios, including warehouse stock inventory and clothing shops. It is also widely used in the logistics industry due to its efficiency and portability. The optional charging base makes it easy to charge the device, ensuring that it is always ready for use.
