Product Description

Product Description:

Our POS terminals come with an 80mm printer that can print both receipts and labels, making it an all-in-one solution for your business needs. This feature is especially useful for businesses that require both types of printing, such as bus ticket POS terminals, where receipts and labels are essential for keeping track of passenger information.

We understand the importance of branding, which is why we offer the option to customize your POS terminal with your logo. This OEM feature is perfect for businesses that want to showcase their brand to customers and create a professional image.

Our POS terminals are versatile and can be used in a variety of scenarios. Whether you're in the catering industry, lottery, retail, logistics, or any other industry, our POS terminals can be tailored to meet your specific needs.

In addition to our top-of-the-line hardware, we also offer a free MDM system, allowing you to manage your POS terminals efficiently and effectively. Our MDM system ensures that you can monitor and control your POS terminals from anywhere, at any time.

Our POS terminals also come equipped with NFC technology, allowing for seamless mobile payments. As more customers opt for cashless transactions, our POS terminals provide a convenient and secure payment option.

At our company, we pride ourselves on providing high-quality POS terminals that can meet the demands of any business. Whether you need a mini POS terminal, bus ticket POS terminal, or NFC POS terminal, we have the perfect solution for you.
