

## Flipable Display WIFI NFC Pos Systems Aluminium Alloy Base For Retail

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Sunmi
- Certification: CE , FCC , RoHs
- Model Number: T3 pro
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: 1pc/carton
- Delivery Time: 5 - 7 working days
- Payment Terms: T/T, L/C
- Supply Ability: 15000 pieces per month

#### Product Specification

- Product: Flipable Main Display Pos Terminal
- Item Name: Smart Desktop Terminal
- Main Screen Size: 15.6 Inch
- Keyword: Touch Screen Pos System
- Resolution: 1920x1080
- Connectivity: Wi-Fi, Bluetooth, Ethernet
- Using Scenario: Supermarket, Retail Store, Clothing Shop, nail Salon Shop, beauty Store
- Design: Aluminium Alloy Support Base, Interactive Design
- Highlight: **Flipable Display Pos Systems For Retail ,  
WIFI Pos Systems For Retail , Retail Till System**

## Product Description

### Product Description:

One of the standout features of the Loyverse POS system is its ability to connect with cash drawers. This feature is a must-have for businesses that require a secure and efficient cash management system.

This POS system is ideal for a variety of businesses, including supermarkets, retail stores, clothing shops, nail salons, and beauty stores. With its high-performance octa-core 6nm processor, this POS system can handle even the busiest of businesses with ease.

The dual-screen feature of this POS system makes it an excellent choice for businesses that require a high level of efficiency. With the ability to display multiple screens at once, employees can quickly and easily access the information they need to keep customers happy and satisfied.

The smart card reader with NFC technology is another standout feature of this POS system. This feature allows businesses to accept a wide range of payment methods, including contactless payment options. This is a must-have feature for businesses that want to stay ahead of the curve when it comes to payment technology.

In summary, the Loyverse POS system is an excellent choice for businesses that require a robust and customizable payment solution.

With its ability to connect with cash drawers, high-performance processor, dual-screen display, and smart card reader with NFC technology, this POS system is a top-of-the-line choice for businesses of all shapes and sizes.

### Features:

Product Name: POS System

Using Scenario: Supermarket, Retail Store, Clothing Shop, Nail Salon Shop, Beauty Store

Keyword: Touch Screen POS System

Design: Aluminium Alloy Support Base, Interactive Design

Resolution: 1920x1080

## Applications:

The Sunmi T3 Pro is perfect for various product application occasions and scenarios, such as:

**POS system touch screen:** The Sunmi T3 Pro has a 15.6-inch capacitive touch screen display with a resolution of 1920x1080. The touch screen is highly responsive, making the ordering process more efficient and faster.

**POS system machines:** This smart desktop terminal is equipped with a high-performance octa-core 6nm processor, making it faster and more efficient than other POS system machines. It can handle multiple tasks simultaneously, making it perfect for busy establishments.

**Spa POS system:** The Sunmi T3 Pro is perfect for spa businesses that need a reliable and efficient POS system. It has a cash drawer that can connect with cash drawers, making it easier to manage transactions. Plus, it has Wi-Fi, Bluetooth, and Ethernet connectivity, allowing you to connect to various devices and networks.

Overall, the Sunmi T3 Pro is a versatile and powerful POS system that can cater to your business needs. It has a sleek and modern design that can complement any establishment. If you're looking for a reliable and efficient POS system, look no further than Sunmi T3 Pro.

## Support and Services:

The POS System product technical support and services include:

- Installation and configuration assistance
- Troubleshooting and issue resolution
- Software updates and upgrades
- Hardware maintenance and repair
- User training and education
- Technical documentation and online resources
- 24/7 customer support and help desk

## Packing and Shipping:

Product Packaging:

The POS System will be packaged in a sturdy cardboard box to ensure safe delivery.

All components will be securely packed and protected with foam padding.

The package will include a user manual and installation guide.

Shipping:

Shipping will be done through UPS or FedEx and the estimated delivery time is 3-5 business days.

For international orders, shipping charges will apply and delivery times may vary.

We will provide a tracking number once the product has been shipped.
