Applications:

The Sunmi T3 pro is equipped with a 15.6" touch screen, making it one of the most user-friendly pos systems 15 inch in the market. The screen is easy to navigate, allowing for quick and efficient transactions that save time and money. In addition, the Sunmi T3 pro comes with a printer with auto cutter, making it an ideal restaurant system pos. The auto cutter ensures that receipts are cut cleanly and neatly, avoiding any confusion or disputes with customers.

The Sunmi T3 pro is a versatile product that is suitable for a wide range of businesses. It is particularly well-suited for restaurants, as it can function as a restaurant pos system that streamlines the ordering and payment processes. With the Sunmi T3 pro, restaurants can take orders more efficiently, process payments more quickly, and reduce errors and inconsistencies in their transactions.

The Sunmi T3 pro is a powerful Android pos system that is GMS certificated, ensuring that it is compatible with a wide range of software and applications. This means that businesses can customize the Sunmi T3 pro to meet their specific needs and preferences, making it a highly adaptable and flexible solution.

The Sunmi T3 pro is also incredibly durable, with a robust design that can withstand the wear and tear of daily use. It comes with a packaging of 1pc/carton and can be delivered within 5-7 working days. Payment terms for the Sunmi T3 pro include T/T and L/C, and it has a supply ability of 15000 pieces per month. The price for the Sunmi T3 pro is negotiable, making it a highly affordable and accessible option for businesses.
