## Applications:

The Sunmi V3 mix billing machine is a versatile and powerful device that can be used in a wide range of settings. Here are some of the occasions and scenarios where this product can be used:

### Retail Shop Billing Machine

If you run a retail shop, the Sunmi V3 mix is an excellent choice for managing your sales and inventory. With its 2D handheld scanner and Android 13 Sunmi OS, you can quickly scan barcodes and process transactions with ease. The 10.1-inch screen size is perfect for displaying a wide range of products and prices, making it easy for your customers to see what they are buying. Its 4GB RAM+32GB ROM memory ensures a smooth and efficient operation, and the electric power source is reliable and convenient.

### Billing Machine for Restaurant

For restaurants and other food service businesses, the Sunmi V3 mix is an ideal billing machine cash register. Its 2D handheld scanner allows you to quickly scan menu items and process orders, while the Android 13 Sunmi OS provides a user-friendly interface for your staff. With a screen size of 10.1 inches, your customers can easily see their orders and prices, and the billing machine can be easily connected to a printer for receipts. The Sunmi V3 mix is perfect for managing your restaurant's sales and inventory with ease.

### Other Occasions and Scenarios

In addition to retail shops and restaurants, the Sunmi V3 mix can be used in a variety of other settings. For example, it can be used for ticket sales at events, for managing sales at a small business, or for processing orders at a food truck. Its CE, FCC, RoHS, and MSDS certifications ensure that the product is safe and reliable, and its minimum order quantity of 10 makes it easy to order in bulk. The packaging details of 1pc/box, 5pcs /carton make it easy to store and ship, and the supply ability of 15000 pieces per month ensures that you can always get the products you need. Payment terms of T/T and L/C make it easy to pay for your orders, and the price can be negotiated to fit your budget.

## Support and Services:

Our Billing Machine product comes with comprehensive technical support and services to ensure that our customers have a smooth experience with the product. Our support team is available to assist with any technical issues you may encounter, including software and hardware troubleshooting. In addition, we offer training and onboarding services to help you get started with the product and maximize its capabilities.

We also provide maintenance and repair services to keep your Billing Machine running smoothly. Our team of technicians is equipped to handle any repairs or upgrades that may be necessary to keep your product functioning optimally.

For any questions or concerns regarding our product technical support and services, please do not hesitate to contact us.

## Packing and Shipping:

### Product Packaging:

1 Billing Machine

1 Power Cord

1 User Manual

### Shipping:

Shipping Method: Standard

Estimated Delivery Time: 3-5 Business Days

Shipping Cost: to be calculated according to place and quantity
