Applications:

The Sunmi P2 Smartpad is certified by CE, FCC, RoHS, MSDS, EMV, Paypass, and PCI, ensuring that it meets the highest safety standards. Its IP53 protection makes it resistant to dust and water splashes, making it ideal for use in different environments. The Sunmi P2 Smartpad is equipped with Android 9.0 Sunmi OS, 1GB RAM + 8GB ROM, or 2GB RAM +16GB ROM memory, and a front 0.3MP camera that supports 1D/2D barcode scanning, and an optional 5MP camera for photo-taking. With its numerous features, the Sunmi P2 Smartpad can be used in several payment scenarios. Retail stores can use it for POS self-service payment, making it easy for customers to pay for goods and services. Banks can use it for their financial transactions, while restaurants can use it for their order processing needs. Additionally, it can be used for lottery payments. The Sunmi P2 Smartpad comes with packaging details of 1pc/box and 10pcs/carton, ensuring safe delivery of the product. Delivery time is between 4-7 working days, and payment terms are T/T and L/C, with the price being negotiated. The supply ability is 15000 pieces per month, making it an efficient and reliable product for businesses.
