

HB-P55 3.8V 6400mAh POS Terminal Customizable For Multiple Applications

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hanbu
- Certification: CE , MSDS,CCC , RoHs
- Model Number: HB-P55
- Minimum Order Quantity: 2
- Price: to be negotiated
- Packaging Details: 20 pcs / carton
- Delivery Time: 2 - 5 working days
- Payment Terms: T/T , L/C
- Supply Ability: 20000 pieces per month

Product Specification

- Battery: 3.8V 6400mAh(7.6V 3200mAh)
- Language: Multiple Languages
- CPU: 8-Core * 1.6GHz
- MDM: Offer MDM System
- Feature: 58mm Printer
- Google Play Store: Google Play Store Pre-installed
- Customized: Accept Customized Logo And Color
- Operation System: Android 12 / 13
- Highlight: **3.8V POS Terminal, 6400mAh POS Terminal, Customizable Smart POS Terminal**

Product Description

Product Description:

Our POS Terminal comes with a 5.5 inch screen display, providing clear and easy-to-read details for both you and your customers. This makes it a great tool for managing transactions and ensuring that your customers are happy with their purchase.

The POS Terminal is equipped with an NFC feature, which makes it easy for customers to make contactless payments. This feature is especially important in today's world, where cashless transactions are becoming increasingly popular. With our POS Terminal, you can be sure that your customers will have a smooth and hassle-free payment experience.

Our POS Terminal also comes pre-installed with Google Play Store, which means that you can easily download and install any apps that you need. This feature is especially useful for businesses that require specific apps to manage their operations. With our POS Terminal, you can be sure that you have access to all the tools you need to run your business.

In addition, our POS Terminal is designed to be easy to integrate with your existing systems. We offer a free SDK for integration, which makes it easy for you to connect our POS Terminal to your other systems. This feature allows for seamless integration and ensures that your business operations run smoothly.

Our POS Terminal also supports QR code payments, which is a popular payment method in many countries. With our POS Terminal, customers can simply scan a QR code and make their payment quickly and easily. This feature is especially useful for businesses that want to offer multiple payment options to their customers.

Finally, our POS Terminal comes with a SIM card slot, which makes it easy for you to stay connected wherever you are. This feature ensures that you can always process payments, even if you don't have access to WiFi.

In summary, our POS Terminal is a great tool for businesses that want to streamline their payment process and offer their customers a seamless payment experience. With features such as NFC support, pre-installed Google Play Store, and QR code payment options, our POS Terminal is a must-have for any business that wants to stay ahead of the curve.
