Product Description

Product Description:

One of the standout features of this POS terminal is its MDM system. This system provides a secure and centralized way to manage all your devices, ensuring that they are always up-to-date and running smoothly. This means you can spend less time worrying about technical issues and more time focusing on your business.

Another key feature of this terminal is its free SDK for integration. This makes it easy to customize your POS solution to fit your specific business needs. With our SDK, you can integrate your POS terminal with other software systems, such as accounting or inventory management software, to streamline your operations.

This POS terminal runs on the latest operating systems, Android 12 or 13, ensuring that it is compatible with the latest software and security updates. This means you can be confident that your terminal will be reliable and secure, keeping your business running smoothly. We understand that branding is important, which is why we accept customized logos and colors for our POS terminal. This allows you to create a seamless brand experience for your customers, from your physical store to your online presence.

This terminal also boasts a powerful battery, with a 3.8V 6400mAh(7.6V 3200mAh) battery capacity. This means you can use the terminal for extended periods of time without worrying about recharging, making it perfect for busy retail environments.

In addition, this terminal supports QR code scanning, making it easy to accept payments and manage transactions. With its reliable and secure wireless connectivity, you can be confident that your customers' data is always safe.

In summary, our wireless POS terminal is a versatile and reliable solution for modern businesses. With its MDM system, free SDK for integration, advanced operating system, customizable branding, and powerful battery, this terminal is perfect for any business looking to streamline their operations and provide a seamless customer experience. Whether you're a small startup or a large corporation, this handheld POS terminal is the perfect solution for your business needs.

Applications:

The Hanbu HB-P55 NFC terminal POS is a versatile and powerful device that is suitable for a wide range of applications. Whether you are running a restaurant, a parking system, a prepaid airtime top-up service, or a convenience store, this POS terminal is an excellent choice. It offers a range of features and capabilities that make it easy and convenient to use, while also providing the security and reliability that you need.

One of the key features of the Hanbu HB-P55 is its support for NFC. This means that it can be used for contactless payments, allowing customers to pay quickly and easily using their smartphones or other NFC-enabled devices. This feature is particularly useful for businesses that want to offer a fast and convenient payment option, such as restaurants, cafes, and convenience stores.

In addition to its NFC capabilities, the Hanbu HB-P55 is also a powerful and flexible POS terminal. It features a 58mm printer that can print receipts and other documents quickly and easily, and it has a range of memory options, including 3GB RAM + 16GB ROM and 4GB RAM + 64GB ROM. This makes it suitable for a wide range of business applications, from small convenience stores to large-scale retail operations.

The Hanbu HB-P55 is also highly customizable. It can be customized with your own logo and color scheme, making it an excellent choice for businesses that want to create a branded experience for their customers. And with its CE, MSDS, CCC, RoHs certifications, and high-quality construction, you can be confident that this POS terminal will provide reliable and secure performance for years to come.

Whether you are looking for a bus ticket POS terminal, a restaurant POS system, or a general-purpose POS terminal for your business, the Hanbu HB-P55 NFC terminal POS is an excellent choice. With its powerful features, flexible design, and customizable options, it is a versatile and reliable device that can help you take your business to the next level.
