Product Description

Product Description:

What sets our NFC POS Terminal apart from other payment POS terminals is its ability to be fully customized with your logo and company colors. This allows you to add a touch of personalization to your terminal, making it easily recognizable to your customers. Our NFC POS Terminal is also highly versatile and can be used in a variety of scenarios, such as restaurants, parking systems, prepaid airtime top-ups, and convenience stores. It is perfect for businesses of all sizes, from small local stores to large multinational companies. In addition, we offer a free SDK for integration, making it easy to integrate our NFC POS Terminal into your existing payment system. This ensures a seamless and hassle-free experience for both you and your customers.

Our NFC POS Terminal also comes equipped with NFC support, allowing for contactless payments and making transactions even more convenient for your customers. This feature is especially useful in today's world, where contactless transactions are becoming increasingly popular.

Overall, our NFC POS Terminal is the perfect solution for businesses looking to streamline their payment and transaction processes. It is highly customizable, versatile, and easy to integrate, making it the perfect choice for businesses of all sizes. Whether you need a bus ticket POS terminal, a payment POS terminal, or simply a versatile transaction solution, our NFC POS Terminal is the perfect choice for you.

Products Description

Applications:

The HB-P55 POS Terminal is perfect for small businesses, such as cafes, food trucks, and pop-up shops. It is also great for larger businesses that require a portable payment solution, such as trade shows, outdoor events, and festivals. The compact size of the device makes it easy to carry around, making it perfect for businesses that require a mini pos terminal that can be easily transported.

One of the key features of the HB-P55 POS Terminal is its 5.5-inch screen display. This allows for easy viewing of transaction details and ensures that customers can see their payment information clearly. The device also comes with 3GB RAM + 16GB ROM or 4GB RAM + 64GB ROM, ensuring that it can handle a high volume of transactions with ease.

The HB-P55 POS Terminal is manufactured in China and has been certified by CE, MSDS, CCC, and RoHs. The minimum order quantity is 2, and the price can be negotiated. The device comes packaged with 20 pieces per carton, and delivery time is typically 2-5 working days. Payment terms include T/T and L/C, and the supply ability is 20000 pieces per month.

Overall, the Hanbu HB-P55 POS Terminal is a versatile and efficient payment solution that is perfect for businesses of all sizes. Whether you need a handheld pos terminal for a small cafe or a mini pos terminal for a large outdoor event, the HB-P55 is the perfect device for all your payment needs.
