Product Description

Product Description:

One of the standout features of our QR Code POS Terminal is its ability to be customized to meet your business's unique needs. With the option to add your logo and choose a color scheme that matches your brand, you can create a cohesive and professional image for your customers to trust.

In addition to customization options, our POS Terminal is built with the latest technology, operating on Android 12 or 13, ensuring a seamless and high-speed transaction process. Our system is designed to handle high volume transactions with ease, making it an ideal solution for businesses of all sizes.

Another key feature of our POS Terminal is our MDM system, which offers a secure and reliable way to manage and track your device. With complete control over your device, you can ensure that your system remains safe from unauthorized access and keep track of all transactions in real-time.

Our QR Code POS Terminal also offers multiple language options, making it an ideal solution for businesses operating in diverse communities. With support for a range of languages, you can provide a seamless experience for your customers, no matter their background.

Overall, our QR Code POS Terminal is a powerful and versatile system designed to simplify the transaction process for your business. With customizable options, a free SDK for integration, and a range of features, it's an ideal solution for any business looking to streamline their point of sale system.

Applications:

The Hanbu HB-P55 POS Terminal is made in China with top-of-the-line craftsmanship and materials. It is a versatile product that can be used in restaurants, parking systems, prepaid airtime top-up, and convenience stores. With its 58mm printer and multiple language support, it is perfect for businesses that cater to a diverse customer base.

One of the standout features of the Hanbu HB-P55 POS Terminal is its NFC reader. This allows for contactless payments and makes transactions faster and more convenient for both the customer and the business. With the MDM system offered, businesses can easily manage and monitor their POS terminals, making it easier to keep track of transactions and financial reports.

The Hanbu HB-P55 POS Terminal can be ordered with a minimum quantity of 2, with prices to be negotiated. Each carton contains 20 pieces, and delivery time is between 2-5 working days. Payment terms are flexible with both T/T and L/C accepted. With a supply ability of 20,000 pieces per month, businesses can rest assured that they will have access to the POS terminal they need to support their daily operations.

Upgrade your payment system with the Hanbu HB-P55 POS Terminal - the perfect payment pos terminal for businesses of all sizes.
