## Applications:

The Sunmi T3 pro is an Android 13 Sunmi OS-based system that is perfect for businesses of all sizes, including convenient stores, retail stores, clothing shops, and beauty stores. Whether you have a small boutique or a large department store, this product can help you manage your inventory, sales, and customers more efficiently.

One of the key features of the Sunmi T3 pro is its built-in 80mm thermal printer, which allows you to print receipts, invoices, and other important documents with ease. This feature is especially useful for businesses like cafes and restaurants, where you need to print orders quickly and accurately.

The Sunmi T3 pro also comes with GMS certification, which means that it has passed the rigorous testing and security requirements set by Google. This makes it a safe and reliable option for businesses that handle sensitive customer data, such as credit card information. Another advantage of the Sunmi T3 pro is that it comes with a free SDK, which allows you to customize the POS system to your specific business needs. This means that you can add new features, integrate with other software, and create a unique user interface that reflects

your brand identity.

When you order the Sunmi T3 pro, you can expect a minimum order quantity of one unit, with pricing to be negotiated depending on your specific requirements. The product comes in a single packaging unit of 1pc/carton, with a delivery time of 5-7 working days. Payment terms are flexible, with options for T/T and L/C, and the supply ability is up to 15000 pieces per month. Finally, let's take a look at some specific scenarios where the Sunmi T3 pro can be useful. If you run a cafe or restaurant, this POS system can help you manage orders, inventory, and payments with ease. If you own a beauty salon or spa, the Sunmi T3 pro can be used to manage appointments, track product inventory, and process payments. And if you run a pharmacy or drugstore, this POS system can help you manage prescriptions, track inventory, and process payments quickly and securely.
