Product Description:

This handheld POS terminal machine is equipped with SUNMI OS, which is based on Android 13. This operating system offers a user-friendly interface that is easy to navigate, making it ideal for businesses of all sizes. The device supports multiple languages, including English, Spanish, French, Chinese and others, making it accessible to a wider range of customers and users.
The Dual Nano SIM Card Slot enables the device to connect to the internet, and the 1.8V/3.0V support ensures seamless connectivity. The device also has a MicroSD slot, which allows for additional storage, making it perfect for businesses that require large data storage capacity.
With its EMV certification, this POS handheld terminal EMV machine is secure and reliable, enabling businesses to accept payments with confidence. The device supports multiple payment methods, including credit and debit cards, as well as mobile payments such as Apple Pay and Google Pay.
Our POS handheld devices come equipped with a 58mm thermal printer, which is capable of printing receipts quickly and efficiently. The printer is compatible with a range of paper roll sizes, making it perfect for businesses with high-volume transactions. Additionally, the device also has an 80mm thermal printer that is compatible with larger paper rolls, making it perfect for businesses that require larger receipts or invoices.
In summary, our Mobile POS Handheld Terminal Machine is the perfect solution for businesses looking for a compact and convenient POS system. With its large 10.1-inch IPS display screen, multiple language support, dual Nano SIM card slot, and EMV certification, this device offers a secure and reliable solution for businesses of all sizes. The 58mm and 80mm thermal printers provide efficient and reliable printing, making it an ideal choice for businesses that require high-volume transactions. Get in touch with us today to learn more about our POS handheld devices and how they can help you streamline your business operations.

Applications:

The V2S V3 mix is an excellent choice for businesses that require a handheld smart POS system. It comes with a 58mm thermal printer or an 80mm thermal printer, making it ideal for printing receipts, invoices, and other documents on the go. The built-in 2D professional scanner allows businesses to scan barcodes and QR codes, making transactions faster and more efficient.

This handheld pos terminal is perfect for use in various occasions and scenarios. It is ideal for use in restaurants, cafes, and bars where waiters can take orders and process payments at the table. It is also perfect for use in retail stores and supermarkets where sales associates can check inventory, process transactions, and print receipts on the spot. The V2S V3 mix is also suitable for use at trade shows, exhibitions, and events where businesses need to process payments on the go.

The Sunmi V2S V3 mix is a high-quality product that is made in China. It is certified by CE, FCC, RoHs, MSDS, and BIS, ensuring that it meets the highest standards of quality and safety. The minimum order quantity for this product is one, and the price is negotiable. The packaging details for the V2S V3 mix are 1pc/box, 5pcs/carton, and the delivery time is 4-7 working days. Payment terms for this product are T/T, and the supply ability is 15000 pieces per month. The V2S V3 mix comes with a 1-year warranty, ensuring that customers can rely on this product for their business needs.

The V2S V3 mix also comes with a dual Nano SIM card slot, supporting 1.8V/3.0V, and a MicroSD slot, allowing businesses to store and

transfer data easily. The 7.2V/2600mAh battery ensures that the device can run for an extended period without requiring frequent charging.

In summary, the Sunmi V2S V3 mix is a reliable and efficient handheld POS terminal that is perfect for businesses that require a portable and versatile point of sale system. Its powerful hardware, multiple connectivity options, and powerful software make it ideal for use in various scenarios and occasions, including restaurants, cafes, retail stores, trade shows, and events.
