#### Product Description

**Product Description:**

One of the standout features of this POS Terminal is its MDM system which offers a high level of security and control over the device. This system ensures that your device is secure and can only be accessed by authorized users, making it an excellent choice for businesses that handle sensitive customer data.

With a 3GB RAM + 16GB ROM, or 4GB RAM + 64GB ROM memory, this POS Terminal is perfect for businesses that require a lot of processing power. It can handle multiple tasks at once, ensuring that your customers are not kept waiting in line. Additionally, the device comes with a 5V/2A power adapter that ensures that it remains charged throughout the day.

Our factory price POS Terminal is designed to be user-friendly, making it easy for your staff to learn how to use it. It has a large touch screen display that is easy to navigate, and it comes with various connectivity options such as Wi-Fi, Bluetooth, and USB, making it easy to connect to other devices.

This Android Handheld POS Terminal is an excellent investment for any business looking to streamline its operations and improve the customer experience. It is a reliable and efficient device that will help you save time and money in the long run. So, why wait? Order your Android Handheld POS Terminal today and take your business to the next level!

**Applications:**

The Hanbu HB-P6 POS Terminal is a versatile device that can be used in various occasions and scenarios. With its factory price, it is an affordable option for businesses of all sizes. Here are some examples of where and how the HB-P6 can be used:  
Restaurant POS

The HB-P6 is a great choice for restaurants and cafes. Its 6 inch touch screen is large enough to display menus and orders, while its capacities five-point touch technology allows for easy navigation. The device also supports NFC, which can be used for contactless payments and loyalty programs.

#### Retail POS

The HB-P6 can also be used as a retail POS system. Its Android 13 operating system and pre-installed Google Play Store allow for easy installation of retail apps and software. The device can also be used for inventory management and tracking sales.

#### Mobile POS

The HB-P6 is lightweight and portable, making it a great option for mobile businesses. Its multiple language support also makes it a versatile device for businesses operating in different regions. The device can be used for on-the-go sales and transactions.

#### Event POS

The HB-P6 can also be used for events such as trade shows, concerts, and festivals. Its large touch screen and NFC support make it easy for attendees to make purchases and transactions. The device can also be used for ticket scanning and tracking sales.

The Hanbu HB-P6 POS Terminal is certified with CE, MSDS, CCC, and RoHS, ensuring its quality and safety. The device has a minimum order quantity of 2 and comes in packaging of 20 pieces per carton. With a supply ability of 20000 pieces per month, the HB-P6 is readily available for businesses in need of a reliable POS system.

Payment terms for the device include T/T and L/C, with the price to be negotiated. The device can be delivered within 2-5 working days. Get your hands on the Hanbu HB-P6 POS Terminal and streamline your business operations today!
