Product Description

Product Description:

Our POS Terminal comes with a free SDK for integration, making it easy for you to customize and integrate our product with your existing system. We understand that every business is unique, and that's why we offer customized logo and color options for our terminal. This ensures that our product blends seamlessly with your brand, creating a professional and cohesive look for your business.

The Handheld POS also supports NFC technology, allowing for easy and secure transactions. It provides a fast and reliable method of payment for your customers, ensuring a smooth and hassle-free checkout process. The NFC feature also promotes a contactless payment option, which is essential in today's world where hygienic practices are a top priority.

This 6 inch POS machine is perfect for businesses of all sizes. Its compact design ensures that it doesn't take up too much space, while still providing all the features you need in a point-of-sale terminal. The 6 inch screen display makes it easy to navigate through menus and options, ensuring that your employees can process transactions quickly and efficiently.

In summary, the Handheld POS is the ideal choice for your business. With its 6 inch screen display, NFC support, and customized options, it provides a seamless and efficient point-of-sale experience. Its free SDK for integration ensures that it can be easily customized and integrated with your existing system, providing you with a tailored solution for your business needs.
