Applications:

Sunmi D3pro is a cutting-edge dual screen POS terminal running on Android 13 Sunmi OS, designed to streamline operations and enhance customer experiences across various industries. With its powerful Qualcomm Hexa-core processor up to 2.4GHz and ample 4GB RAM + 64GB ROM, this Android terminal POS machine offers robust performance and reliability.

Product Application Occasions and Scenarios:

Restaurant: The Sunmi D3pro is ideal for restaurants looking to modernize their ordering and payment systems. Its dual-screen design allows for seamless order taking and payment processing, improving efficiency and customer satisfaction. With TMS (Terminal Management System) capabilities, restaurant owners can easily manage multiple devices and track transactions effectively.

Apparel Stores: In apparel stores, the Sunmi D3pro can be used as a versatile POS solution for processing transactions, managing inventory, and analyzing sales data. Its sleek design and high-performance hardware make it a perfect fit for retail environments, helping businesses to streamline their operations and provide a seamless shopping experience to customers.

Jewelry Shop: For jewelry shops, the Sunmi D3pro offers a sophisticated POS solution that can handle complex transactions with ease. The dual-screen design allows staff to showcase products and process payments simultaneously, enhancing the overall shopping experience for customers. With its secure payment processing and TMS capabilities, jewelry shop owners can ensure smooth operations and secure transactions.

With certifications such as CE, FCC, and RoHS, the Sunmi D3pro guarantees compliance with international quality and safety standards. The product has a minimum order quantity of 1, and the price is negotiable based on the order quantity. Each unit is packaged individually, with 1 piece in one carton, and the delivery time for samples is 3-7 working days, while bulk orders can be discussed further. The payment terms accepted are T/T and L/C, providing flexibility for customers. With a supply ability of 20,000 pcs per month, Sunmi D3pro ensures that businesses can easily scale their POS solutions to meet growing demands.
