- Highlight: **Android Handheld Pos Terminal**,
                         WIFI Support Pos Terminal,
                         Handheld Pos Terminal

Product Description:

The **Handheld POS Terminal** is a versatile and reliable device designed to streamline payment processing in various industries. With its advanced features and user-friendly design, this POS terminal is a valuable tool for businesses looking to enhance their operations. Equipped with **TYPE C** charging capabilities, the Handheld POS Terminal ensures fast and convenient recharging to keep your business running smoothly. Say goodbye to slow charging times and enjoy the efficiency of the TYPE C charging technology.

For businesses that require **NFC** functionality, the Handheld POS Terminal is the perfect solution. With support for NFC, you can offer your customers a seamless payment experience using their NFC-enabled devices, making transactions quick and hassle-free.

The Handheld POS Terminal features a **58mm Printer** that allows you to easily print receipts and other important documents. With this printer, you can provide customers with clear and detailed receipts for their records, enhancing their overall shopping experience.

Whether you are operating a restaurant, parking system, prepaid airtime top-up service, or convenience store, the Handheld POS Terminal is designed to meet your specific needs. This versatile device can adapt to various scenarios, providing you with the flexibility to manage payments efficiently in any setting.

Key Features of the Handheld POS Terminal:

Card Reader POS Terminal: Accept a wide range of payment methods, including credit cards, debit cards, and mobile payments.

Custom Logo Terminal: Promote your brand and create a professional image with a custom logo displayed on the terminal.

Cash POS Machine: Manage cash transactions securely and accurately with the built-in cash handling features of the POS terminal.

Enhance your business operations and elevate the payment experience for your customers with the Handheld POS Terminal. Invest in this reliable and feature-rich device to streamline your payment processing and drive business growth.

Applications:

The Hanbu HB-P6 PRO All In One POS Terminal is a versatile and powerful device suitable for various application occasions and scenarios. With its origins in China, this POS terminal boasts certifications such as CE, MSDS, CCC, and RoHs, ensuring quality and safety standards are met.

Designed to cater to a wide range of businesses, the HB-P6 PRO is ideal for restaurants, parking systems, prepaid airtime top-ups, and convenience stores. Its compact size and Android handheld features make it a convenient solution for businesses looking to streamline their operations.

Equipped with a 58mm printer paper width, the POS terminal allows for efficient printing of receipts and invoices. The 8-core CPU running at 2.0GHz ensures smooth and fast performance, making transactions quick and efficient.

For ease of use, the POS terminal comes with a card reader, enabling secure payment processing for customers. The included power adapter operates at 5V/2A, providing a reliable power source for continuous use.

Businesses can benefit from the HB-P6 PRO's free SDK for integration, allowing for seamless compatibility with existing systems. With a minimum order quantity of 2 and a supply ability of 20000 pieces per month, businesses can easily scale their operations as needed.

Whether you are a small restaurant or a large retail chain, the Hanbu HB-P6 PRO All In One POS Terminal offers a flexible and efficient payment solution. Contact us today to discuss pricing, packaging details (20 pcs/carton), delivery time (2-5 working days), and payment terms (T/T, L/C) to get started with this cutting-edge POS terminal.
