## Product Description

### Product Description:

The POS Terminal is a versatile and efficient device designed for various business applications. With 3GB RAM and 16GB ROM, it offers ample memory capacity to support smooth operation and multitasking.

Equipped with NFC support, this POS Terminal enables seamless and secure transactions, making it ideal for businesses that require contactless payments.

The device features a TYPE C charging port, ensuring quick and convenient charging for uninterrupted use in busy environments.

Designed for use in restaurants, parking systems, prepaid airtime top-up services, and convenience stores, this POS Terminal is a reliable and efficient solution for a wide range of businesses.

Its 720\*1440 IPS resolution display provides clear and crisp visuals, enhancing the user experience and making it easy to navigate through various functions.

With a dual SIM card slot, this POS Terminal offers flexibility and connectivity options, allowing users to manage multiple networks or SIM cards for enhanced communication capabilities.

Businesses can customize the POS Terminal with their logo, creating a personalized and professional touch that promotes brand identity and recognition.

Equipped with a card reader, this POS Terminal provides secure and efficient payment processing, making it a valuable asset for businesses that require reliable transaction capabilities.

Printer Paper width	58mm Printer
MDM	Offer MDM System
CPU	8-Core * 1.6 GHz

### Applications:

The Hanbu HB-P6 All In One Touch POS Terminal, originating from China, is a versatile and modern solution for various business applications. With certifications including CE, MSDS, CCC, and RoHs, this Android Handheld POS Terminal is suitable for a wide range of industries and scenarios.

One of the key Product Application Occasions for the Hanbu HB-P6 POS Terminal is in retail environments. Its 5.99-inch screen display provides a user-friendly interface for processing transactions efficiently. Whether it's a small boutique or a large department store, this POS Terminal can handle the demands of retail operations with ease.

Another important scenario where the HB-P6 excels is in the hospitality industry. Restaurants, cafes, and bars can benefit from this device's all-in-one functionality, allowing staff to take orders, process payments, and manage inventory seamlessly. The support for WIFI ensures that orders can be sent directly to the kitchen, improving overall efficiency.

Additionally, the HB-P6 is ideal for use at events and exhibitions. Its portable design and long-lasting battery (3.8V 6400mAh) make it easy to carry around and use on the go. Whether it's processing ticket sales at a concert or handling transactions at a trade show booth, this POS Terminal is a reliable companion for event organizers.

Businesses looking to streamline their operations will find the Hanbu HB-P6 to be a valuable asset. With a minimum order quantity of just 2 units, companies can easily test and implement this POS Terminal into their workflow. The negotiated pricing, fast delivery time of 2-5 working days, and flexible payment terms (T/T, L/C) make it a convenient choice for businesses of all sizes.

In conclusion, the Hanbu HB-P6 All In One Touch POS Terminal is a versatile and reliable solution for businesses seeking to enhance their point-of-sale operations. With its customizable features, robust battery life, and efficient charging capabilities (TYPE C), this POS Terminal is ready to meet the diverse needs of modern businesses.
