

Streamline Business With Battery 3.8V 6400mAh 7.6V 3200mAh POS Terminal And WIFI Support

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Hanbu
- Certification: CE , MSDS,CCC , RoHs
- Model Number: HB-P6
- Minimum Order Quantity: 2
- Price: to be negotiated
- Packaging Details: 20 pcs / carton
- Delivery Time: 2 - 5 working days
- Payment Terms: T/T , L/C
- Supply Ability: 20000 pieces per month

Product Specification

- Screen Display: 5.99 Inch
- Resolution: 720*1440 IPS
- Using Scenario: Restaurants, Parking System, Prepaid Airtime Top Up, Convenience Stores
- Language: Multiple Languages
- Memory: 3GB RAM + 16 GB ROM
- Operating System: Android 12
- CPU: 8-Core * 1.6 GHz
- Battery: 3.8V 6400mAh(7.6V 3200mAh)
- Highlight: **Battery 3.8V 6400mAh POS Terminal, 7.6V 3200mAh POS Terminal, WIFI Support POS Terminal**

Product Description

Product Description:

The Card Reader POS Terminal is a cutting-edge device designed to streamline payment processes and enhance customer experience. With its advanced features and robust capabilities, this Android POS terminal is a valuable addition to any retail or hospitality business. One of the standout features of this POS terminal is its powerful battery. Equipped with a 3.8V 6400mAh battery (7.6V 3200mAh), this device offers long-lasting performance, ensuring uninterrupted operation during busy hours.

For added convenience and versatility, the POS terminal supports NFC technology, allowing for quick and secure contactless payments. This feature not only speeds up transactions but also enhances security, giving customers peace of mind during their purchases.

To ensure seamless operation, the device comes with a reliable power adapter that delivers a steady 5V/2A output. This ensures that the POS terminal remains powered up and ready for action throughout the day.

Businesses looking to tailor their POS solutions to their specific needs will appreciate the customization options offered by this device.

Whether it's branding, software integration, or other requirements, this POS terminal accepts customization to align with the unique needs of each business.

Furthermore, integration is made easy with the provision of a free SDK. This allows businesses to effortlessly integrate the POS terminal with their existing systems, streamlining operations and maximizing efficiency.

In conclusion, the Card Reader POS Terminal is a versatile and reliable device that combines cutting-edge technology with user-friendly design. With its long-lasting battery, NFC support, reliable power adapter, customization options, and free SDK for integration, this Android POS terminal is a smart investment for businesses looking to optimize their payment processes and enhance customer satisfaction.

Environmental Camera + Infrared Scanning Head

Applications:

When considering the Product Application Occasions and Scenarios for the Hanbu HB-P6 Handheld POS Terminal, it is important to note the versatile nature of this device. With its factory price, the HB-P6 is an ideal solution for businesses looking to enhance their point of sale operations with a reliable and efficient terminal.

The Hanbu HB-P6 Handheld POS Terminal, originating from China, is suitable for a variety of settings due to its compact design and advanced features. Whether you are running a retail store, restaurant, or any other business requiring payment processing, the HB-P6 is a valuable tool to streamline transactions. Its certification including CE, MSDS, CCC, and RoHs ensures quality and compliance with industry standards.

Businesses with a need for a custom logo Terminal will appreciate the branding opportunities offered by the Hanbu HB-P6. The minimum order quantity of 2 units makes it accessible for both small and large businesses alike. The packaging details of 20 pcs per carton make it convenient for bulk orders, while the fast delivery time of 2 - 5 working days ensures quick deployment.

With flexible payment terms such as T/T and L/C, businesses have options to suit their financial preferences. The supply ability of 20000 pieces per month guarantees availability for businesses with high demand. The HB-P6 supports WIFI connectivity, offering convenience and versatility in various business environments.

Featuring a TYPE C charging port and a 5V/2A power adapter, the Hanbu HB-P6 Handheld POS Terminal is designed for efficiency and convenience. The built-in 8-Core CPU running at 1.6 GHz ensures smooth performance for handling transactions quickly and accurately. Additionally, the HB-P6 offers an MDM system for enhanced management capabilities.
