Product Description

Product Description:

The Cash Register is a versatile and efficient solution for businesses looking to streamline their operations. With its compact design and advanced features, this Cash Register product is a must-have for any retail establishment.

Equipped with an 8-inch LCD screen, the Cash Register provides a clear and easy-to-read display for both cashiers and customers. The touchscreen functionality allows for quick and intuitive navigation, making transactions a breeze.

Running on the latest Android 13.0 operating system, this Cash Register product offers seamless performance and compatibility with a wide range of business applications. Whether you're processing sales, managing inventory, or generating reports, the Cash Register is up to the task.

The integrated 2D Bar Code Scanner (CMOS) enables fast and accurate scanning of products, reducing checkout times and minimizing errors. With this scanner, you can easily track inventory levels, update pricing information, and manage stock with precision.

For added convenience and mobility, the Cash Register comes equipped with a long-lasting battery that ensures continuous operation throughout the day. Say goodbye to power cords and outlet constraints – with this battery-powered Cash Register, you can process transactions anywhere in your store.

Connectivity is never an issue with the Cash Register, thanks to its Type-C USB2.0(OTG) port. Easily connect peripherals such as printers, scanners, or external storage devices to enhance the functionality of your Cash POS Machine. With this versatile USB port, you can expand the capabilities of your Cash Register and adapt to your evolving business needs.

Whether you're looking for a Compact Cash Drawer, a Cash POS Machine, or a Cash Register with Inventory Tracking capabilities, this product has you covered. Its combination of cutting-edge technology, user-friendly design, and robust features make it a valuable asset for any retail environment.

Model	Handheld POS_HB-P8
LCD Screen	8 Inch
Power Source	AC Adapter
RAM	4G
Weight	800g (one Package Box Including Product Is 1150g)
Scanner	2D Bar Code Scanner (CMOS)
USB	Type-C USB2.0 (OTG)

Applications:

The Hanbu HB-P8 Cash Register is a versatile and reliable product suitable for a variety of Product Application Occasions and Scenarios. Its portable POS system design makes it perfect for businesses such as retail stores, food trucks, pop-up shops, and small cafes that require a compact and efficient cash management solution.

One of the key scenarios where the HB-P8 Cash Register excels is in retail environments where quick and accurate transactions are essential. The included 2D Bar Code Scanner (CMOS) allows for seamless scanning of products, while the cash counting machine ensures that cashiers can efficiently handle transactions.

For businesses dealing with a high volume of cash transactions, the HB-P8 Cash Register is an ideal choice. Its currency counter cleaning cards help maintain the accuracy and performance of the machine, ensuring smooth operation even during peak business hours. Thanks to its power source being an AC adapter, the HB-P8 Cash Register can be used continuously without the need for frequent battery changes, making it suitable for long hours of operation.

Whether it's a busy retail store, a bustling food truck, or a small cafe, the Hanbu HB-P8 Cash Register from China is a reliable and efficient solution for managing transactions. With certifications such as ISO9001, ROHS, and CE, customers can trust in the quality and reliability of this product.

The minimum order quantity of 1 and fast delivery time of 4 - 8 working days make it convenient for businesses to quickly set up their cash management system. The packaging details ensure that each roll with plastic bag package protects the product during shipping, while the total weight of 800g (one package box including product is 1150g) makes it easy to transport and set up.

Accepted payment terms including L/C, T/T, Western Union, and MoneyGram offer flexibility to customers, while the generous 64GB flash memory and Android 13.0 operating system provide ample space and functionality for various business needs.
