Port	USB Type-C OTG
Warranty	1 Year
Weight	419g (battery Incl.)
Display Screen	6.75
Printer	58mm Thermal Printer
Scanner	Optional
SIM Card Slot	2*Nano SIM Card
CPU	Qualcomm Hexa-core

Applications:

Sunmi V3 is a versatile mobile POS device that is suitable for a wide range of product application occasions and scenarios. With its compact design and powerful features, the Sunmi V3 is ideal for various businesses looking for a portable and efficient solution for their point of sale needs.

One of the key product application occasions for the Sunmi V3 is in retail environments. The device can be used as a handheld POS terminal, allowing store staff to process transactions quickly and efficiently. Its lightweight design and long-lasting battery make it perfect for busy retail settings where mobility is essential.

Another important scenario where the Sunmi V3 excels is in the ticketing services industry. Whether it's for events, transportation, or attractions, the Sunmi V3 can be used as a reliable POS system for ticket sales. Its NFC capability, optional feature, provides added convenience for customers making payments.

Thanks to its robust specifications, including a 3GB+32GB memory, 6.75-inch display screen, and 7.7V 3100mAh battery, the Sunmi V3 can handle POS transactions efficiently and effectively. The device is also certified with CE, FCC, RoHs, MSDS, and BIS standards, ensuring compliance and reliability for businesses.

Businesses can benefit from the Sunmi V3's quick delivery time of 4 - 7 working days and convenient payment terms of T/T. The device's packaging details of 1pc/box, 5pcs/carton make it easy to distribute and store, while its supply ability of 15000 pieces per month ensures scalability for growing businesses.

Overall, the Sunmi V3 is a top choice for businesses in need of a reliable and efficient mobile POS solution. Whether it's for retail transactions or ticketing services, the Sunmi V3 delivers performance, convenience, and quality in a compact package.
