

Qualcomm Hexa-core CPU Handheld POS System with 6.75 Display Screen for and Accurate Point-of-Sale Transactions

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Sunmi
- Certification: CE , FCC , RoHs , MSDS , BIS
- Model Number: V3
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: 1pc/box,5pcs /carton
- Delivery Time: 4 - 7 working days
- Payment Terms: T/T
- Supply Ability: 15000 pieces per month

Product Specification

- Display Screen: 6.75
- Printer: 58mm Thermal Printer
- Weight: 419g (battery Incl.)
- Operation System: SUNMI OS (Based On Android 13 64bit)
- Cpu: Qualcomm Hexa-core
- GPS: GPS/Glonass/Beidou/ Galileo
- Warranty: 1 Year
- Scanner: Optional

Product Description

Product Description:

The Mobile POS product is a versatile handheld POS system designed to meet the needs of mobile businesses looking for an affordable POS solution. With its compact design and powerful features, this Mobile POS device is the perfect companion for businesses on the go. Featuring a USB Type-C OTG port, the Mobile POS product offers seamless connectivity and flexibility for various devices. Whether you need to connect to a tablet, smartphone, or other peripherals, this POS system ensures a reliable and efficient connection.

The Mobile POS product comes equipped with a high-quality 58mm thermal printer, allowing users to easily print receipts and invoices on the spot. With fast printing speeds and clear print quality, this printer enhances the overall customer experience and streamlines the transaction process.

Powered by a long-lasting 7.7V 3100mAh battery, the Mobile POS product offers extended usage time, ensuring that you can operate your POS system throughout the day without interruptions. This reliable battery capacity provides peace of mind for businesses with high transaction volumes.

Weighing just 419g with the battery included, the Mobile POS product is lightweight and easy to carry, making it ideal for businesses that require mobility and flexibility. The compact dimensions of 238*81.8*16.8 mm further enhance the portability of this POS system, allowing you to set up shop anywhere with ease.

In summary, the Mobile POS product is a feature-rich and efficient solution for businesses in need of a handheld POS system. With its USB Type-C OTG port, 58mm thermal printer, long-lasting battery, lightweight design, and compact dimensions, this POS system is a reliable choice for mobile businesses seeking an affordable and versatile POS solution.

Technical Parameters:

Display Screen	6.75"
Port	USB Type-C OTG
GPS	GPS/Glonass/Beidou/Galileo
Printer	58mm Thermal Printer
CPU	Qualcomm Hexa-core
SIM Card Slot	2*Nano SIM Card
Operation System	SUNMI OS (Based On Android 13 64bit)
NFC	Optional
Battery	7.7V 3100mAh
Weight	419g (battery Incl.)

Applications:

Sunmi V3, a versatile handheld POS system, is designed to meet the needs of various business environments, making it suitable for a wide range of application occasions and scenarios.

Thanks to its compact size and portability, the Sunmi V3 handheld POS system is ideal for businesses that require a mobile point-of-sale solution. Whether it's a small pop-up shop, a food truck, or a market stall, the V3 provides a convenient way to process transactions on the go. Its handheld design makes it easy for staff to move around and serve customers efficiently.

In retail settings, the Sunmi V3 can be used as a handheld pos billing printer, enabling seamless checkout experiences for customers. Store associates can quickly scan items, accept payments, and issue receipts all in one device. Its user-friendly interface and fast processing capabilities make it a valuable tool for improving customer service and increasing sales.

For businesses in the hospitality industry, such as restaurants, cafes, and bars, the Sunmi V3 handheld payment POS is a great asset. Waitstaff can take orders tableside, accept payments at the customer's convenience, and even split bills effortlessly. The V3's NFC capability allows for contactless payments, enhancing speed and convenience for both customers and staff.

Due to its reliable performance and durability, the Sunmi V3 is also suitable for outdoor events, trade shows, and exhibitions. Its robust construction can withstand various environmental conditions, ensuring uninterrupted operation during busy events. The V3's dual Nano SIM card slots provide stable connectivity, allowing businesses to process payments securely and efficiently.

Whether you are looking for a handheld POS system for a retail store, restaurant, outdoor event, or any other business setting, the Sunmi V3 offers a versatile solution that combines functionality, portability, and reliability. With its CE, FCC, RoHS, MSDS, and BIS certifications, along with a one-year warranty, the V3 is a trusted choice for businesses of all sizes.
