- Highlight: **6400mAh POS Terminal**, **3.8V POS Terminal**, **NFC Support POS Terminal**

Product Description:

The Android POS Terminal is a cutting-edge device designed to streamline transactions and enhance customer service in various business settings. With a powerful battery capacity of 3.8V 6400mAh (7.6V 3200mAh), this POS machine touch screen offers long-lasting performance to meet the demands of busy environments. The 5.99-inch screen display provides a clear and user-friendly interface for smooth operation.

Whether in restaurants, parking systems, prepaid airtime top-up services, or convenience stores, this Android handheld POS terminal proves to be a versatile solution for efficient payment processing and inventory management. The device comes equipped with a 58mm printer, allowing for quick and convenient receipt printing.

Thanks to its impressive memory capacity of 3GB RAM and 16GB ROM, the Android POS Terminal can handle multiple tasks simultaneously without compromising speed or performance. This ensures seamless operation even during peak hours, enabling businesses to serve customers promptly and accurately.
