- Model Number: V3
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: 1pc/box,5pcs /carton
- Delivery Time: 4 - 7 working days
- Payment Terms: T/T
- Supply Ability: 15000 pieces per month

Product Specification

- Scanner: Optional
- Warranty: 1 Year
- Weight: 419g (battery Incl.)
- Port: USB Type-C OTG
- Operation System: SUNMI OS ((Based On Android 13 64bit)
- Battery: 7.7V 3100mAh
- Printer: 58mm Thermal Printer
- NFC: Optional
- Highlight: **Positioning System POS Scanner**, **Handle POS Scanner**, **NFC Handle POS Scanner**

Product Description:

V3 have become a staple in various dining establishments, adapting to the diverse needs and service styles of each. Let's take a look at how different types of restaurants utilize these versatile tools:

Quick-service restaurants (QSRs) thrive on speed and efficiency. Here, terminals speed up transactions and reduce queues, letting customers enjoy their meals without a long wait.

Full-service restaurants (FSRs) benefit from terminals that manage everything from seating to payment, ensuring a seamless dining experience.

Fine Dining Restaurants use advanced features to enhance guest service, like tracking preferences and managing complex orders.

Food Trucks need compact, mobile solutions that can handle fast, straightforward transactions in various locations.

Bars and Pubs rely on terminals to manage tabs and process quick payments during busy hours.

Cafes and Bakeries enjoy the simplicity of terminals for managing both sit-down and takeaway customers efficiently.

Pop-Ups benefit from the portability of terminals, allowing operators to efficiently manage transactions wherever they set up.

Technical Parameters:

SIM Card Slot	2*Nano SIM Card
GPS	GPS/Glonass/Beidou/ Galileo
Scanner	Optional
Dimensions	238*81.8*16.8 Mm
Weight	419g (battery Incl.)
Battery	7.7V 3100mAh
Operation System	SUNMI OS (Based On Android 13 64bit)
Display Screen	6.75
Port	USB Type-C OTG
Print Speed	Fast Print Speed Reach 70mm/s

Applications:

Sunmi V3 is a versatile mobile POS system that is designed to meet the needs of various businesses across different industries. With its compact and lightweight design, the Sunmi V3 handheld POS terminal is perfect for businesses looking for a portable and convenient payment solution.

The Sunmi V3 handheld smart POS is ideal for retail stores, restaurants, cafes, food trucks, and other businesses that require a flexible and efficient payment system. Its optional scanner and NFC capabilities make it suitable for businesses that need to process transactions quickly and securely.

Whether you are a small business owner or a large retailer, the Sunmi V3 handheld POS terminal can cater to your specific needs. Its user-friendly interface and Sunmi OS based on Android 13 64bit ensure smooth operation and seamless integration with your existing systems.

With certifications such as CE, FCC, RoHs, MSDS, and BIS, you can trust the Sunmi V3 handheld POS system to meet international quality standards. The product's origin in China guarantees reliability and durability, making it a cost-effective investment for your business.

When it comes to ordering the Sunmi V3 handheld smart POS, the minimum order quantity is just 1 unit, allowing businesses of all sizes to benefit from this innovative technology. The price is negotiable, and the packaging details include 1 piece per box and 5 pieces per carton for easy storage and transportation.

With a delivery time of 4-7 working days and payment terms of T/T, purchasing the Sunmi V3 handheld POS system is convenient and hassle-free. The supply ability of 15000 pieces per month ensures that you can meet your business needs without any delays.

Overall, the Sunmi V3 handheld POS system is a reliable and efficient solution for businesses looking to streamline their payment processes. Its portable design, optional features, and advanced technology make it a versatile tool for a wide range of industries and scenarios.
