LCD Screen Desktop POS,

Product Description

Product Description:

The HB-P11 Android POS combines an 11-inch HD touchscreen with a high-speed 80mm receipt/label printer, perfect for busy retail environments. Its 8-core 1.6GHz processor and expandable memory (up to 4GB+64GB) ensure seamless multitasking, while the 6400mAh cobalt lithium battery keeps operations running all day. The one-touch 2D barcode scanner accelerates checkout lines, and dual SIM 4G LTE ensures uninterrupted connectivity for real-time inventory updates and payment processing.

Certified for healthcare use, the HB-P11 securely manages patient data with Android's encryption and dual-network redundancy. The 2D scanner tracks medication labels and insurance cards, while the 11-inch screen enables digital signatures. The antimicrobial coating on its CMF surface meets hygiene standards, and the long-lasting battery supports mobile ward rounds.

All-in-One Business Solution

Android OS + modular add-ons (printer, fingerprint, 2D scanner) for custom app development.

Applications:

When it comes to the Hanbu P11 PRO Desktop POS system, the product application occasions and scenarios are diverse and cater to various industries and businesses. This versatile POS system can be effectively utilized in sports betting environments, POS software for desktop setups, and hospitality establishments.

The Hanbu P11 PRO, originating from China, boasts certifications such as CE, FCC, and RoHs, ensuring its quality and compliance with international standards. With a minimum order quantity of just one sample, businesses have the flexibility to test and evaluate the product before committing to larger orders.

Designed for efficiency and convenience, the Hanbu P11 PRO offers a wide range of connectivity options including RJ11, RJ12, RJ45, USB A, DC charging port, SIM card slots, and Type-C for OTG purposes. This makes it suitable for various POS applications in different settings.

Standard accessories provided with the Hanbu P11 PRO include a power adaptor, user manual, USB cable, and a roll of 80mm thermal paper, ensuring that businesses have everything they need to set up and start using the POS system immediately.

The 11-inch LCD screen and the 1D/2D barcode scanner (CMOS) enhance the user experience, making it ideal for businesses requiring quick and accurate transactions. With a supply ability of 10,000 pieces per month, businesses can rely on the Hanbu P11 PRO to meet their POS system needs consistently.

Businesses can expect a quick delivery time of 5 - 7 working days, making it convenient for those looking to implement a POS system promptly. The payment terms of T/T offer flexibility in transactions, while the price is open for negotiation to suit varying budget requirements.

Whether it's for managing transactions in a sports betting environment, utilizing POS software for desktop operations, or enhancing efficiency in hospitality settings, the Hanbu P11 PRO Desktop POS system is a reliable and versatile solution for businesses across different industries.
