- Data: Support Data
- Back Light: LED
- Printer Paper Width: 80mm
- Highlight: **Multiple Slots Desktop POS, Powerful Desktop POS, USB Desktop POS**

Product Description

Product Description:

Built for bustling supermarkets and boutiques, the P11 PRO series combines an 11-inch HD touchscreen (upgradable to 1200x1920 resolution) with a blazing 4-core processor. Print 80mm receipts in 0.5 seconds while scanning barcodes one-handed. Dual SIM 4G LTE ensures real-time inventory sync, and the removable 6400mAh cobalt battery powers through Black Friday rushes.

Transform chaotic kitchens into streamlined hubs with the P11 PRO's rugged, spill-resistant design. Split orders between the 11" main screen and optional 2.4" secondary display. Print kitchen tickets and customer receipts simultaneously via USB-A ports. With GPS-enabled delivery tracking and dual SIM failover, even power outages won't disrupt your service.

Engineered for warehouses, the P11 PRO thrives in -10°C to 60°C conditions. Its CMOS scanner decodes crumpled barcodes under low light, while the 7.6V 3200mAh battery lasts 12+ hours on forklifts. P11 PRO's RJ45 port integrates legacy scales, and quad-band LTE keeps global supply chains connected.

Features:

Product Name: Desktop POS

WIFI Module: 2.4G/5G 802.11 A/b/g/n

LCD Screen: 11 Inch

Standard Accessories:

1pc Power Adaptor

1pc User Manual

1pc USB Cable

1 Roll 80mm Thermal Paper

USB: 2.4G/5G 802.11 A/b/g/n

Printer Paper width: 80mm

Technical Parameters:

Operation System	Android 13
Display Resolution	800*1280 IPS Incell
Printer Paper Width	80mm
Printer Max. Paper Roll Diameter	60mm
Voice Call	N/A
Back Light	LED
WIFI Module	2.4G/5G 802.11 A/b/g/n
Data	Support Data
GPS	N/A
CPU	4 Core RK3562 * 2.0GHz

Frictionless Transactions

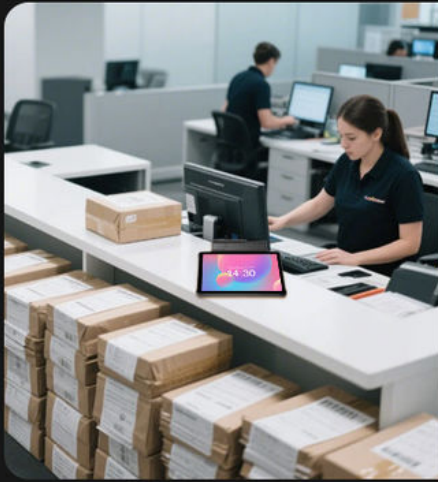

Auto-Fixed 2D Barcode Scanner: One-touch high-speed scanning, 30% faster checkout.

2D IR Barcode Scanner

Lightning-fast scanning with 99.9% accuracy for peak-hour operations.

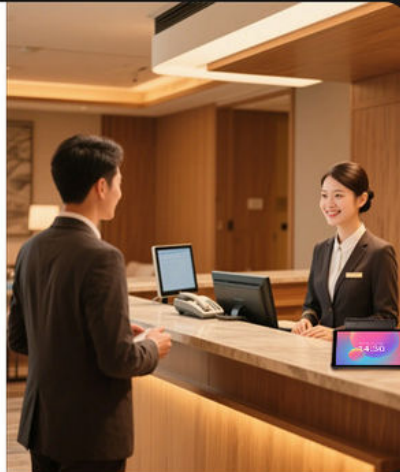

Logistics & Parcel Centers

- **Mobile 4G Scanning:** Scan shipping labels on-site and sync data to cloud systems instantly.
- **E-Signature Capture:** 11" screen for customer signatures, directly uploaded to tracking platforms.
- **USB-A Peripheral Support:** Connect scales to auto-calculate shipping fees and print labels.
- **Why It Fits:** Eliminates manual paperwork and reduces delivery errors.

Hotels & Hospitality Front Desks

- **Split Payment Processing:** Handle room deposits and authorizations via RJ11-connected printers.
- **Instant Tax Invoice Printing:** Sync with tax systems and scan IDs for compliant receipts.
- **Multi-Language UI:** Android 13 supports currency conversion for international guests.
- **Why It Fits:** Enhances guest experience with seamless check-in/out workflows.

Pop-Up Stores & Outdoor Markets

- **Outdoor-Ready Durability:** IP54-rated plastic casing and anti-glare IPS screen.
- **12-Hour Battery Life:** 6400mAh cobalt battery powers all-day sales without outlets.
- **Ultra-Portable Design:** Integrated 80mm printer and lightweight build (1.2kg).
- **Why It Fits:** Perfect for mobile vendors needing rugged, all-in-one solutions.

Healthcare Facilities

- **Contactless NFC Payments:** Tap-to-pay for insurance cards, reducing physical contact.
- **Privacy Compliance:** Secondary screen shows payment amounts; patient data stays hidden.
- **E-Prescription Integration:** Print records and sync directly to HIS/EHR systems.
- **Why It Fits:** Meets hygiene and data security standards for medical environments.

Applications:

When it comes to versatile and efficient POS solutions, the Hanbu P11 PRO desktop Android POS machine is a top choice for businesses looking for a reliable system. With its 11-inch display and support for Bluetooth connectivity, this POS system is perfect for a variety of product application occasions and scenarios.

Wholesale customers looking for a high-quality desktop POS system will appreciate the Hanbu P11 PRO's features and capabilities. The system is ideal for businesses in the hospitality industry, such as restaurants, cafes, and hotels, thanks to its user-friendly interface and robust performance.

The Hanbu P11 PRO is proudly made in China and comes with certifications such as CE, FCC, and RoHs, ensuring quality and compliance with international standards. Customers can order a sample with a minimum order quantity of one and negotiate the price based on their specific requirements.

With standard packaging details in a carton package, customers can expect their orders to be delivered within 5 - 7 working days.

Payment terms are flexible with T/T options, and the supply ability of 10000 pieces per month ensures timely delivery for bulk orders.

Equipped with a backlit LED display, the Hanbu P11 PRO offers clear visibility in various lighting conditions. The system runs on Android 13 operating system, providing a stable and customizable platform for POS operations.

Standard accessories included with the Hanbu P11 PRO are 1 power adaptor, 1 user manual, 1 USB cable, and 1 roll of 80mm thermal paper. The system also features 2GB RAM + 16GB ROM memory, allowing for smooth and efficient performance during daily operations.
