- SIM Card Bands: Europe Brand GSM B2/3/5/8 WCDMA B1/2/5/8 LTE B1/2/3/5/7/8/20/40 American Brand GSM:B2/3/5 WCDMA:B2/4/5 LTE:B2/3/4/5/7/17/40
- Data: Support Data
- Printer Paper Width: 80mm
- Voice Call: N/A
- Display Resolution: 800*1280 IPS Incell
- Highlight: **WIFI Desktop POS**, **2.4G 5G WIFI Desktop POS**, **60mm Paper Roll Desktop POS**

Product Description:

Premium brushed-metal CMF elevates high-end boutiques, paired with silent thermal printing for discreet service. The 11-inch screen showcases product catalogs in 1080p, while Bluetooth connects to handheld scanners for fitting rooms. Security-focused features include encrypted SIM card payments and a tamper-proof battery compartment.

With a 400-cycle eco-battery (80% capacity after 2 years) and energy-efficient thermal printing, this POS reduces waste. The modular design allows RAM/storage upgrades to extend lifespan, while Android's low-power mode cuts energy use by 30%. Recyclable magnesium alloy casing aligns with green business certifications.

Centralize operations across locations with dual SIM 4G LTE for failover connectivity and cloud sync. The 4GB+64GB configuration handles complex ERP integrations, while GPS tracks field sales teams. Managers customize receipts with branded CMF designs and use the 2D scanner for asset audits. Remote battery monitoring prevents downtime.

Features:

Product Name: Desktop POS

Applications:

The Hanbu P11 PRO Desktop POS system is a versatile and reliable point-of-sale solution suitable for a variety of business applications. With its high-quality components and advanced features, this POS system is ideal for Pharmacy POS, Bakery POS systems, and other retail environments.

Product Application Occasions and Scenarios:

- **Pharmacy POS:** The Hanbu P11 PRO Desktop POS is perfect for pharmacies looking to streamline their operations and enhance customer service. Its 2GB RAM + 16GB ROM memory configuration ensures smooth performance when managing inventories, processing transactions, and generating reports. The high-resolution 800*1280 IPS Incell display provides clear visuals for easy navigation through product catalogs and pricing information.

- **Bakery POS system:** Bakeries can benefit from the efficiency and convenience offered by the Hanbu P11 PRO Desktop POS. With its capacitive ten-point touch screen, bakery staff can quickly input orders, track sales, and manage customer transactions with ease. The long-lasting battery capacity of 3.8V 6400mAh ensures uninterrupted operation throughout the day, even during peak hours.

- **11 pos system:** The Hanbu P11 PRO Desktop POS is a reliable choice for businesses in need of a robust 11 pos system. Its compact design and durable construction make it suitable for various retail settings, from small boutiques to larger department stores. The certification of CE, FCC, and RoHs guarantees the product's quality and compliance with international standards, giving businesses peace of mind when integrating this POS system into their operations.

Whether you are looking to enhance the efficiency of your pharmacy, bakery, or retail business, the Hanbu P11 PRO Desktop POS system offers a cost-effective and feature-rich solution. With a minimum order quantity of one sample, flexible pricing, and fast delivery times of 5-7 working days, businesses can quickly implement this POS system into their operations. Payment terms of T/T and a supply ability of 10000 pieces per month ensure a seamless purchasing process for businesses of any size. The standard carton packaging

protects the POS system during transit, ensuring it arrives in perfect condition for immediate use.
