Data Collector For UHF RFID 902MHz-928MHz 865MHz-868MHz Frequency 5-33dB Output Power Max Read Range 4 M And Android 14 Sunmi OS

Our Product Introduction

Basic Information
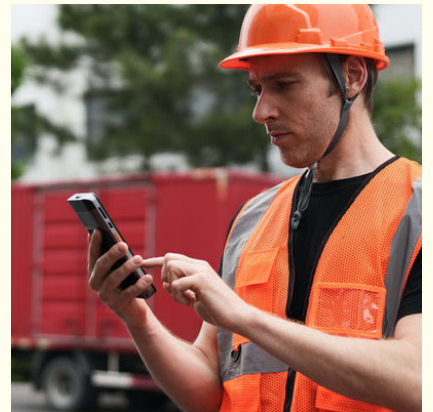

- Place of Origin: China
- Brand Name: Sunmi
- Certification: CE , FCC , RoHs , MSDS
- Model Number: L3
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: 1pc/box,15pcs /carton
- Delivery Time: 4 - 7 working days
- Payment Terms: T/T, L/C
- Supply Ability: 20000 pieces per month

Industrial grade drop resistant and waterproof

Product Specification

- Keyword: Pda Android 14
- Displays: 6.75"HD+
- Model: Sunmi L3
- Fingerprint: Supported Fingerprint
- UHF RFID: 902MHz~928MHz/ 865MHz~868MHz Frequency 5~33dB Output Power Max Read Range 4 M* Fastest Read Rate 300 Tags/ S
- NFC: Tap On Screen & Tap On The Back only Non-rfid Version Support SOFTPOS, EMVCo PCD L1 Certified Support ISO/IEC 14443 TypeA/B , Mifare , Felica , ISO 15693 Support NFC Tag
- Buttons: 1*Power Button 1*Custom Button 1*Volume Button 2*Scan Button
- Camera: 5MP FF Front Camera + 13MP AF Rear

Product Description:

The Sunmi L3 is a cutting-edge Data Collection Device designed for efficient data collection and management in various industries. With its advanced features and robust design, this Portable Data Logger is a reliable companion for businesses seeking to streamline their operations.

Introducing SUNMI OS 4.0.Delivers an improved interaction experience.Unlock efficiency from factory to store with L3.Remarkable boost in operational efficiency.Dual-sided NFC readers,responsive recognition from either side.It supports SoftPOS payments, identity verification, and membership card reading.

Simplified Enterprise Desktop:Enjoy an out-of-the-box experience with standardized

applications and strategies, enabling employees to quickly adapt with minimal training while reducing operational costs and increasing efficiency.

Smart CPU Scheduling:Dynamically allocate CPU and system resources to guarantee that crucial

business apps are given top priority for optimal performance.

Enhanced Security:Provides comprehensive protection for user privacy and data security.

Optimized WLAN Planning:Facilitates stable data transfer in high-concurrency scenarios like mobile

stocktaking, avoiding network interruptions and packet loss.

Features:

Product Name: Data Collector

Camera: 5MP FF Front Camera + 13MP AF Rear Camera

Hyper Wi-Fi: Supported Hyper Wi-Fi

GMS: Supported GMS

Product: Smart Mobile Terminal

NFC: Tap On Screen & Tap On The Back(only Non-rfid Version) Support SOFTPOS, EMVCo PCD L1 Certified Support ISO/IEC 14443 TypeA/B , Mifare , Felica , ISO 15693 Support NFC Tag

Technical Parameters:

Processor	Octa-core, Up To 2.2GHz
Battery	Removable Lithium Polymer Battery 4.4V/5000mAh Support Hot Swap(optional)
Model	Sunmi L3
Keyword	Pda Android 14
Scanner	Professional Scan Engine (Optional)
Product	Smart Mobile Terminal
Interface	1*Type-C 6*Pogo PIN At The Bottom For Connecting Accessories 8*Pogo PIN On The Back For Connecting Accessories (Optional)
Fingerprint	Supported Fingerprint
Operation system	Android 14 Sunmi OS
Displays	6.75"HD+

Optional accessories to boost efficiency

Tempered Glass Screen Protector

Shields the screen from scratches, cracks, and daily wear

Tempered Glass Screen Protector

cracks, and daily wear.

Protective Case

It tightly fits the device for effective drop protection while extending devicelifespan, with a slim and light design that maintains usability.

Protective Case

Hand Strap

Ensures a secure grip during operation, reducing accidental drops.

Hand Strap

Wrist Strap

Rotate the device 360° to use it at any angle that suits your needs.

Wrist Strap

Lanyard

Designed for mobile work environments with secure clips to keep the deviceaccessible while freeing up hands.
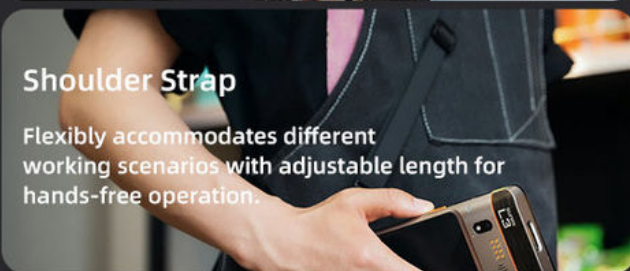

Lanyard

Shoulder Strap

Flexibly accommodates different working scenarios with adjustable length for hands-free operation.

Shoulder Strap

Single Charging Base

Supports device charging

Single Charging Base

4-Slot Battery Charger

Charges up to 4 batteries with intelligent charging management.

4-Slot Battery Charger

4-Slot Charging Base

4-Slot Charging Base

Applications:

Sunmi L3 Data Collector is a versatile product designed for a wide range of Product Application Occasions and Scenarios. Its advanced features make it ideal for various industries and businesses that require efficient data collection and management.

Whether you need to track inventory in a warehouse, conduct surveys in the field, or manage customer information on the go, the Sunmi L3 is a reliable Data Collection Device that can streamline your operations. Its powerful Octa-core processor ensures smooth performance, while the supported GMS feature allows for seamless connectivity.

The Sunmi L3 is perfect for Field Data Recorder tasks where accuracy and speed are essential. With NFC capabilities, including Tap on Screen and Tap on the Back functions, this device offers convenient ways to interact with NFC tags and supports various NFC standards. This makes it a valuable tool for businesses looking to enhance their information management system.

Thanks to its compact design and user-friendly interface, the Sunmi L3 can be easily integrated into existing workflows. The 1*Type-C interface and multiple Pogo PIN connectors provide flexibility for connecting accessories, making it suitable for a wide range of applications.

Businesses can benefit from the Sunmi L3's efficient data collection and processing capabilities, helping them improve productivity and decision-making. The product's certification (CE, FCC, RoHs, MSDS) guarantees quality and compliance with industry standards, giving users peace of mind.

With a Supply Ability of 20000 pieces per month, a Minimum Order Quantity of 1, and flexible Payment Terms (T/T, L/C), the Sunmi L3 offers convenience and reliability for businesses of all sizes. The Packaging Details ensure safe delivery, and the quick Delivery Time of 4 - 7 working days makes it an efficient solution for urgent needs.

Customization:

Product Customization Services for the Data Collector product:

UHF RFID: 902MHz~928MHz/ 865MHz~868MHz Frequency 5~33dB Output Power Max Read Range 4 M* Fastest Read Rate 300 Tags/S
Processor: Octa-core, Up To 2.2GHz
Camera: 5MP FF Front Camera + 13MP AF Rear Camera
Customization Keywords: User-Friendly Data Collection Tool, Field Data Recorder, Cloud Sync Data Recorder

Support and Services:

The Data Collector product offers comprehensive Product Technical Support and Services to ensure users have a smooth experience. Our support team is available to assist with any technical issues, troubleshooting, and guidance on product usage.

Our services include software updates, maintenance, and training programs to help users maximize the functionality of the Data Collector product.

We are committed to providing timely and efficient support to address any concerns and ensure that users can fully utilize the capabilities of the Data Collector product.

Packing and Shipping:

Product Packaging and Shipping for the Data Collector:
The Data Collector product is carefully packaged to ensure its safe arrival at your doorstep. Each unit is securely wrapped in bubble wrap and placed in a sturdy cardboard box to prevent any damage during transit.

For shipping, we partner with reliable courier services to deliver your Data Collector in a timely manner. You will receive a tracking number once your order has been dispatched so you can monitor its journey to you.

FAQ:

Q: What is the brand name of the Data Collector product?
A: The brand name of the Data Collector product is Sunmi.
Q: What is the model number of the Data Collector product?
A: The model number of the Data Collector product is L3.
Q: Where is the Data Collector product manufactured?
A: The Data Collector product is manufactured in China.
Q: What certifications does the Data Collector product have?
A: The Data Collector product is certified with CE, FCC, RoHs, and MSDS.
Q: What is the minimum order quantity for the Data Collector product?
A: The minimum order quantity for the Data Collector product is 1.
