

Removable Lithium Polymer Battery 4.4V/5000mAh Portable Data Logger With Fingerprint And Hot Swap Capability

Our Product Introduction

for more products please visit us on heimipos.com

Basic Information

- Place of Origin: China
- Brand Name: Sunmi
- Certification: CE , FCC , RoHs , MSDS
- Model Number: L3
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: 1pc/box,15pcs /carton
- Delivery Time: 4 - 7 working days
- Payment Terms: T/T, L/C
- Supply Ability: 20000 pieces per month

Dual-sided NFC Readers

Product Specification

- Camera: 5MP FF Front Camera + 13MP AF Rear Camera
- NFC: Tap On Screen & Tap On The Back only
Non-rfid Version Support SOFTPOS, EMVCo PCD L1 Certified Support ISO/IEC 14443 TypeA/B , Mifare , Felica , ISO 15693 Support NFC Tag
- Memory: 4GB RAM+64GB ROM
- Battery: Removable Lithium Polymer Battery
4.4V/5000mAh Support Hot Swap optional
- Scanner: Professional Scan Engine (Optional)
- Touch Screen: Multi-Touch Capacitive
- IP Standard: IP68 Protection Standard
- Keyword: Pda Android 14

Product Description

Product Description:

The Data Collector product is a cutting-edge Smart Mobile Terminal designed to meet the needs of businesses requiring efficient data collection and processing capabilities. With its powerful features and advanced technology, this device is ideal for a wide range of applications, from inventory management to automated warehousing systems.

Key Features:

Pda Android 14 Operating System: The Data Collector runs on the Pda Android 14 platform, providing a user-friendly interface and seamless integration with a variety of applications.

Memory: Equipped with 3GB of RAM and 32GB of ROM, the device offers ample storage space for data collection and processing.

NFC Technology: The Data Collector features NFC functionality, allowing users to tap on the screen or the back of the device for quick and convenient data transfer. It supports SOFTPOS, EMVCo PCD L1 certification, ISO/IEC 14443 TypeA/B, Mifare, Felica, and ISO 15693, making it compatible with a wide range of NFC tags.

Battery: The device is powered by a removable lithium polymer battery with a capacity of 5000mAh, ensuring long-lasting performance. It also supports hot swap functionality, providing the option for continuous operation without downtime (optional feature).

Whether you are managing inventory in a warehouse setting or collecting data in the field, the Data Collector offers the versatility and reliability needed to streamline your operations. Its robust construction and user-friendly design make it a valuable tool for businesses looking to optimize their data collection processes.

With the Data Collector, you can benefit from the latest in EMC Data Storage Systems technology, ensuring secure and efficient data management. The device is compatible with a variety of software applications and can be easily integrated into existing systems, making it an essential component of any automated warehousing system.

Features:

Rugged Waterproof Data Collector

IoT Data Collection Terminal

RFID Data Collector

Product Name: Data Collector

GMS: Supported GMS

Displays: 6.75"HD+

Product: Smart Mobile Terminal

Battery: Removable Lithium Polymer Battery 4.4V/5000mAh Support Hot Swap(optional)

Keyword: Pda Android 14

Technical Parameters:

NFC	Tap On Screen & Tap On The Back(only Non-rfid Version) Support SOFTPOS, EMVCo PCD L1 Certified Support ISO/IEC 14443 TypeA/B , Mifare , Felica , ISO 15693 Support NFC Tag
Feature	Android Pda Barcode Scanner
Displays	6.75"HD+
Product	Smart Mobile Terminal
Fingerprint	Supported Fingerprint
Model	Sunmi L3
Memory	4GB RAM+64GB ROM
GMS	Supported GMS
Keyword	Pda Android 14
Touch Screen	Multi-Touch Capacitive

Introducing SUNMI OS 4.0.

Delivers an improved interaction experience.

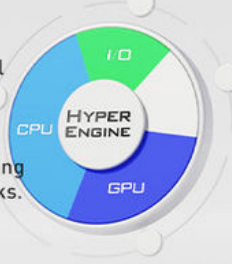

Plug-and-Play Enterprise Desktop

Pre-configured with standardized apps and workflows for instant deployment, minimal onboarding time, and reduced operational costs.

Dynamic CPU Resource Allocation

Prioritizes critical business apps in real-time to ensure peak performance during high-demand tasks.

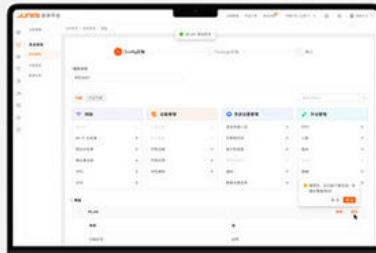

Advanced Security Suite

End-to-end protection for user data and privacy with enterprise-grade safeguards.

High-Density WLAN Optimization

Stable connectivity in high-concurrency scenarios (e.g., mobile stocktaking), eliminating downtime and data loss.

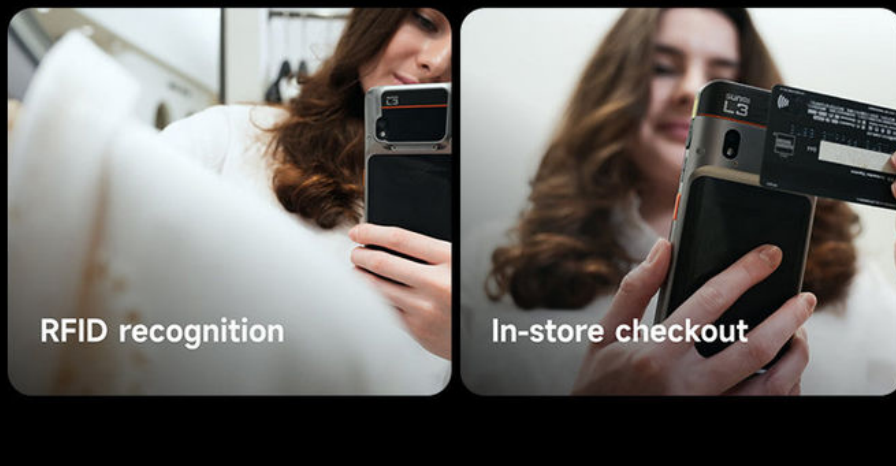

Retail

L3 revolutionizes retail with a powerful digital toolkit—barcode-based receipt, stocktaking, membership lookup, shopping guide, and checkout—all designed to boost operational efficiency and enhance the customer experience.

Shopping guide

Applications:

With its RFID technology, the Sunmi L3 is perfect for inventory management, asset tracking, and supply chain optimization. The UHF RFID feature allows for fast and accurate data capture with a maximum read range of 4 meters, making it ideal for large warehouse environments.

Moreover, the Cloud Sync Data Recorder function enables real-time data synchronization, ensuring that your information is always up to date across multiple devices and locations. This is particularly useful for field data recording in outdoor settings where connectivity may be limited.

The Sunmi L3 is equipped with a 6.75"HD+ display, providing a clear and vibrant interface for easy data visualization. Its Hyper Wi-Fi support ensures stable and high-speed wireless connectivity, allowing for seamless data transfer and communication.

Whether you need to scan barcodes, read RFID tags, or collect GMS data, the Sunmi L3 has you covered. Its GMS support and advanced scanning capabilities make it a reliable tool for various data collection tasks.

Manufactured in China, Sunmi Data Collector Model L3 complies with CE, FCC, RoHs, and MSDS certifications, ensuring high quality and safety standards. The minimum order quantity is 1 unit, and pricing is negotiable based on your specific requirements.

For packaging, each unit comes in a box, with 15 units packed in a carton for easy transportation and storage. With a delivery time of 4 - 7 working days and payment terms including T/T and L/C, acquiring the Sunmi L3 is convenient and efficient.

With a supply ability of 20000 pieces per month, you can rely on Sunmi Data Collector Model L3 to meet your data collection needs consistently and reliably. Enhance your productivity and efficiency with this cutting-edge Pda Android 14 device.

Customization:

Product Customization Services for the Data Collector product:

Brand Name: Sunmi

Model Number: L3

Place of Origin: China

Certification: CE, FCC, RoHs, MSDS

Minimum Order Quantity: 1

Price: to be negotiated

Packaging Details: 1pc/box, 15pcs/carton

Delivery Time: 4 - 7 working days

Payment Terms: T/T, L/C

Supply Ability: 20000 pieces per month

Memory: 3GB RAM+32GB ROM

NFC: Tap On Screen & Tap On The Back(only Non-rfid Version) Support SOFTPOS, EMVCo PCD L1 Certified Support ISO/IEC 14443

TypeA/B, Mifare, Felica, ISO 15693 Support NFC Tag

Scanner: Professional Scan Engine (Optional)

Displays: 6.75"HD+

Battery: Removable Lithium Polymer Battery 4.4V/5000mAh Support Hot Swap(optional)

Field Data Recorder, Info Management System, Data Collector with GPS Tracking

Support and Services:

Our Product Technical Support and Services for the Data Collector include:

- Troubleshooting assistance for hardware and software issues
- Software updates and patches to ensure optimal performance
- User training and resources to maximize the capabilities of the Data Collector
- Repairs and maintenance services to keep your device in top condition
- Remote assistance for quick resolution of technical issues

Packing and Shipping:

Product Packaging:

The Data Collector product is carefully packaged in a sturdy cardboard box to ensure safe delivery. Inside the box, you will find the data collector device securely wrapped in bubble wrap to prevent any damage during transit.

Shipping:

Once your order is confirmed, our team will process it for shipping within 1-2 business days. We use reliable shipping services to deliver your Data Collector product to your doorstep in a timely manner. You will receive a tracking number to monitor the status of your shipment.

FAQ:

Q: What is the brand name of the Data Collector product?

A: The brand name of the Data Collector is Sunmi.

Q: What is the model number of the Data Collector?

A: The model number of the Data Collector is L3.

Q: Where is the Data Collector product manufactured?

A: The Data Collector is manufactured in China.

Q: What certifications does the Data Collector have?

A: The Data Collector is certified with CE, FCC, RoHs, and MSDS.

Q: What is the minimum order quantity for the Data Collector?

A: The minimum order quantity for the Data Collector is 1.
