

Supported Fingerprint Field Data Recorder Perfect Tool For Accurate Data Recording

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Sunmi
- Certification: CE , FCC , RoHs , MSDS
- Model Number: L3
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: 1pc/box,15pcs /carton
- Delivery Time: 4 - 7 working days
- Payment Terms: T/T, L/C
- Supply Ability: 20000 pieces per month

Professional Barcode Scanne

Product Specification

- Product: Smart Mobile Terminal
- Scanner: Professional Scan Engine (Optional)
- Interface: 1*Type-C 6*Pogo PIN At The Bottom For Connecting Accessories 8*Pogo PIN On The Back For Connecting Accessories (Optional)
- Model: Sunmi L3
- Processor: Octa-core, Up To 2.2GHz
- IP Standard: IP68 Protection Standard
- Buttons: 1*Power Button 1*Custom Button 1*Volume Button 2*Scan Button
- Camera: 5MP FF Front Camera + 13MP AF Rear Camera
- Highlight: **Supported Fingerprint Field Data Recorder, Accurate Field Data Recorder**

Product Description

Product Description:

The Data Collector is a versatile device designed to meet the needs of various industries, offering a range of features and capabilities to enhance productivity and efficiency. With its NFC technology, users can easily tap on the screen or the back of the device (non-RFID version only) for quick and convenient interactions. The device supports SFTPOS and is EMVCo PCD L1 Certified, ensuring secure payment transactions. Additionally, it is compatible with ISO/IEC 14443 TypeA/B, Mifare, Felica, and ISO 15693, allowing for seamless communication with a variety of NFC tags.

Featuring an Android PDA barcode scanner, the Data Collector enables users to efficiently scan barcodes and capture data with ease. The device is equipped with 3GB of RAM and 32GB of ROM, providing ample storage space for applications and files. This ensures smooth performance and efficient multitasking for a seamless user experience.

The Data Collector is designed with user convenience in mind, featuring a set of intuitive buttons for easy operation. It includes 1 power button, 1 custom button, 1 volume button, and 2 scan buttons, allowing users to navigate the device and perform tasks with precision and ease.

For seamless connectivity and versatility, the Data Collector offers a range of interface options. It includes 1 Type-C port for fast data transfer and charging, as well as 6 Pogo PIN connectors at the bottom for connecting accessories. Additionally, the device features 8 Pogo PIN connectors on the back for connecting optional accessories, expanding its functionality and customization capabilities.

Whether used as an RFID data collector, a long battery life data logger, or an industrial data collector, the Data Collector offers a reliable and efficient solution for various applications. Its robust features, versatile capabilities, and user-friendly design make it a valuable tool for enhancing workflows and streamlining operations across industries.

Features:

Product Name: Data Collector

Model: Sunmi L3

Touch Screen: Multi-Touch Capacitive

Processor: Octa-core, Up To 2.2GHz

IP standard: IP68 Protection Standard

Fingerprint: Supported Fingerprint

Technical Parameters:

Technical Parameter	Description
Touch Screen	Multi-Touch Capacitive
Processor	Octa-core, Up To 2.2GHz
Operation System	Android 14 Sunmi OS
Fingerprint	Supported Fingerprint
IP Standard	IP68 Protection Standard
Scanner	Professional Scan Engine (Optional)
UHF RFID	902MHz~928MHz/ 865MHz~868MHz Frequency 5~33dB Output Power Max Read Range 4 M* Fastest Read Rate 300 Tags/ S
Battery	Removable Lithium Polymer Battery 4.4V/5000mAh Support Hot Swap(optional)
Display	6.75"HD+
Hyper Wi-Fi	Supported Hyper Wi-Fi

Fast

Powerful performance
for smooth multitasking.

420,000+

Antutu Benchmark Score

4x³↑

³Compared to data from the previous generation.

Octa-Core
CPU

2.2GHz
Max Clock Speed

OCTA
CORE

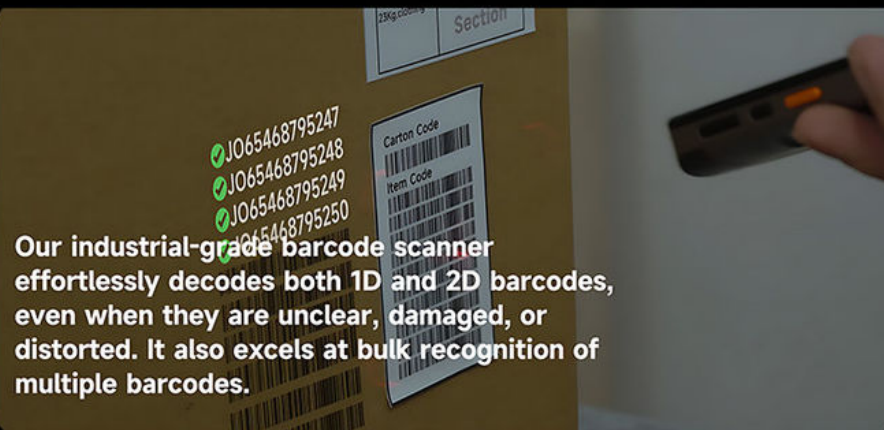

UFS Storage Interface Protocol

Significantly improves data read and write speeds. Effortlessly handles multitasking and large file storage.

Accurate

Professional Scanner

Lightning fast and accurate barcode reading

Our industrial-grade barcode scanner effortlessly decodes both 1D and 2D barcodes, even when they are unclear, damaged, or distorted. It also excels at bulk recognition of multiple barcodes.

Stable

Perfectly shaped for your palm with a slight curve to facilitate one-handed operations.

SUNMI Hyper Wi-Fi

Wide coverage, strong penetration, high stability,
and intelligent switching for
seamless communication.

Over 10x the Range of Other Wi-Fi

Automatic switching between Hyper Wi-Fi and
traditional Wi-Fi.

*Data from SUNMI Lab. Distance data is straight-line communication distance.

Applications:

One of the key attributes of the Sunmi L3 is its Cloud Sync Data Recorder capability. This feature allows users to easily sync and access data across multiple devices and platforms, making it ideal for businesses with remote teams or multiple locations. Another important feature of the Sunmi L3 is its long battery life data logger functionality. This ensures that users can collect data continuously without worrying about running out of power, making it suitable for fieldwork and outdoor data collection activities. Additionally, the Sunmi L3 is a portable data logger, making it easy to carry around and use in various settings. Whether it's for inventory management, asset tracking, or customer surveys, this device offers flexibility and convenience. The Sunmi L3 is certified with CE, FCC, RoHs, and MSDS, ensuring compliance with international quality and safety standards. It has a minimum order quantity of 1 and a negotiable price, making it accessible to businesses of all sizes. Originating from China, the Sunmi L3 boasts a 6.75" HD+ display, a 5MP FF front camera, and a 13MP AF rear camera for high-quality image capture. It also supports NFC technology, GMS, and Hyper Wi-Fi, enhancing its functionality and connectivity. With a packaging detail of 1pc/box and a delivery time of 4 - 7 working days, the Sunmi L3 offers convenience and efficiency in product distribution. Payment terms include T/T and L/C, and the device has a supply ability of 20000 pieces per month, ensuring timely availability for businesses.

Customization:

Product Customization Services for the Rugged Waterproof Data Collector - Sunmi L3:

Brand Name: Sunmi

Model Number: L3

Place of Origin: China

Certification: CE , FCC , RoHs , MSDS

Minimum Order Quantity: 1

Price: to be negotiated

Packaging Details: 1pc/box, 15pcs/carton

Delivery Time: 4 - 7 working days

Payment Terms: T/T, L/C

Supply Ability: 20000 pieces per month

Product: Smart Mobile Terminal

UHF RFID: 902MHz~928MHz/865MHz~868MHz Frequency 5~33dB Output Power Max Read Range 4 M* Fastest Read Rate 300 Tags/S

Model: Sunmi L3

Battery: Removable Lithium Polymer Battery 4.4V/5000mAh Support Hot Swap(optional)

Touch Screen: Multi-Touch Capacitive

Keywords: Rugged Waterproof Data Collector, High-Speed Data Acquisition Device, Automated Warehousing System

Support and Services:

The Data Collector product offers comprehensive Product Technical Support and Services to ensure optimal performance and user satisfaction. Our dedicated technical support team is available to assist with any product-related queries or issues that may arise. Services include troubleshooting, software updates, and guidance on product usage.

Packing and Shipping:

Product Packaging for Data Collector:

- The Data Collector will be securely packaged in a sturdy cardboard box to ensure safe transportation.
- The box will be labeled with the product name and handle with care instructions.

Shipping Information:

- The Data Collector will be shipped via a reputable courier service with tracking information provided.
- Shipping times will vary depending on the destination, but expedited shipping options are available for faster delivery.

FAQ:

Q: What is the brand name of the Data Collector?

A: The brand name of the Data Collector is Sunmi.

Q: What is the model number of the Data Collector?

A: The model number of the Data Collector is L3.

Q: Where is the Data Collector manufactured?

A: The Data Collector is manufactured in China.

Q: What certifications does the Data Collector have?

A: The Data Collector is certified with CE, FCC, RoHs, and MSDS.

Q: What are the payment terms for purchasing the Data Collector?

A: The payment terms for purchasing the Data Collector are T/T and L/C.
