

Android 14 Sunmi OS Portable Data Logger with 6.75 Displays The Ultimate Data Collection Tool

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Sunmi
- Certification: CE , FCC , RoHs , MSDS
- Model Number: L3
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: 1pc/box,15pcs /carton
- Delivery Time: 4 - 7 working days
- Payment Terms: T/T, L/C
- Supply Ability: 20000 pieces per month

Product Specification

- Buttons: 1*Power Button 1*Custom Button 1*Volume Button 2*Scan Button
- Hyper Wi-Fi: Supported Hyper Wi-Fi
- Model: Sunmi L3
- Fingerprint: Supported Fingerprint
- Feature: Android Pda Barcode Scanner
- Battery: Removable Lithium Polymer Battery 4.4V/5000mAh Support Hot Swap optional
- Processor: Octa-core, Up To 2.2GHz
- Interface: 1*Type-C 6*Pogo PIN At The Bottom For Connecting Accessories 8*Pogo PIN On The Back For Connecting Accessories (Optional)

Product Description

Product Description:

A Rugged Waterproof Data Collector, the Data Collector product is designed to withstand tough environments such as construction sites. With a display size of 6.75 inches, this device provides a clear and spacious screen for viewing and interacting with data.

Featuring Supported Fingerprint technology, the Data Collector ensures secure access to the device and data with biometric authentication. Additionally, Supported GMS functionality allows for seamless integration with Google Mobile Services, enhancing connectivity and access to a wide range of applications.

The Data Collector is equipped with UHF RFID capabilities, operating at frequencies of 902MHz~928MHz and 865MHz~868MHz. With an output power range of 5~33dB, this device offers a maximum read range of 4 meters, making it ideal for efficient data collection in various environments. The fastest read rate of 300 tags per second ensures rapid and accurate data capture.

Powered by Pda Android 14, the Data Collector provides a user-friendly and customizable interface, enabling smooth navigation and efficient data processing. Whether used for inventory management, asset tracking, or data collection tasks, this device offers reliability and performance.

With its rugged construction and waterproof design, the Data Collector can withstand harsh conditions and rough handling, making it an ideal choice for industries such as construction, logistics, and field services. Its durability ensures long-term use and reduced maintenance costs, making it a cost-effective solution for demanding work environments.

For EMC Data Storage Systems, the Data Collector offers reliable data storage and management capabilities, ensuring data security and integrity. With ample storage capacity and efficient data transfer options, this device is equipped to handle large volumes of data with ease.

Features:

Product Name: Data Collector

Buttons:

1*Power Button

1*Custom Button

1*Volume Button

2*Scan Button

Product: Smart Mobile Terminal

Interface:

1*Type-C

6*Pogo PIN At The Bottom For Connecting Accessories

8*Pogo PIN On The Back For Connecting Accessories (Optional)

UHF RFID:

902MHz~928MHz/ 865MHz~868MHz Frequency

5~33dB Output Power

Max Read Range 4 M

Fastest Read Rate 300 Tags/ S

IP standard: IP68 Protection Standard

Technical Parameters:

Buttons	1*Power Button 1*Custom Button 1*Volume Button 2*Scan Button
Displays	6.75
Hyper Wi-Fi	Supported Hyper Wi-Fi
Processor	Octa-core, Up To 2.2GHz
Product	Smart Mobile Terminal
Touch Screen	Multi-Touch Capacitive
IP standard	IP68 Protection Standard
GMS	Supported GMS
Camera	5MP FF Front Camera + 13MP AF Rear Camera
Scanner	Professional Scan Engine (Optional)

SUNMI L3

Efficiency unleashed from start to sale.

Powered by
SUNMI OS

Compatible with
SUNMI DMP

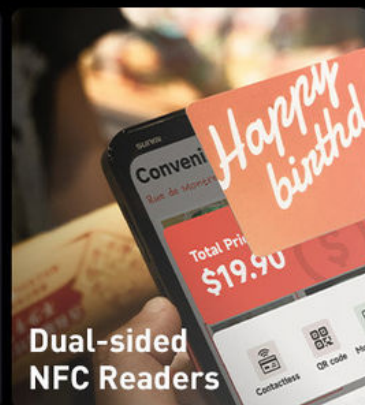

Powered by
SUNMI HYPER Wi-Fi

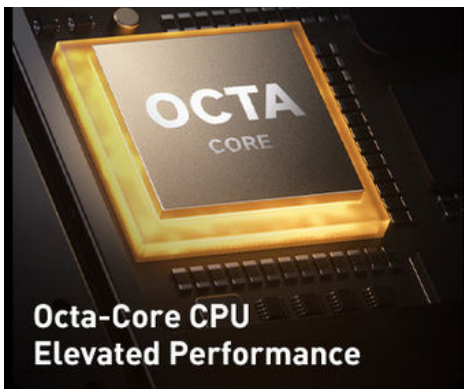

**Innovative Feature
Built-in RFID module**

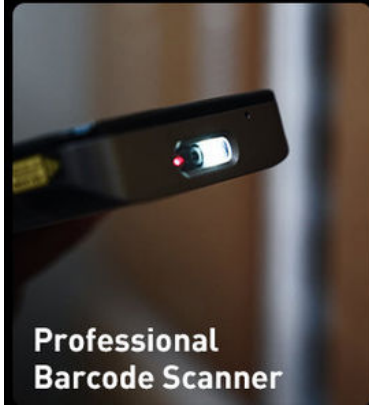

**Dual-sided
NFC Readers**

Wide coverage,
strong penetration,
high stability.

Optional accessories to boost efficiency

Tempered Glass Screen Protector

Shields the screen from scratches, cracks, and daily wear.

Tempered Glass Screen Protector

Protective Case

It tightly fits the device for effective drop protection while extending device lifespan, with a slim and light design that maintains usability.

Protective Case

Hand Strap

Ensures a secure grip during operation, reducing accidental drops.

Hand Strap

Wrist Strap

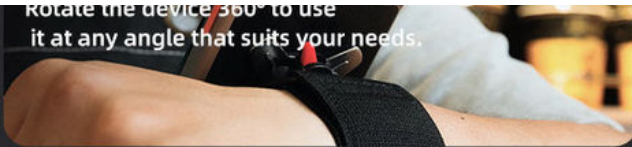

Rotate the device 260° to use

Wrist Strap

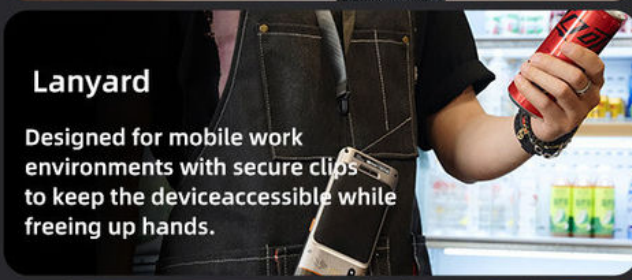

Rotate the device 360° to use it at any angle that suits your needs.

Lanyard

Designed for mobile work environments with secure clips to keep the device accessible while freeing up hands.

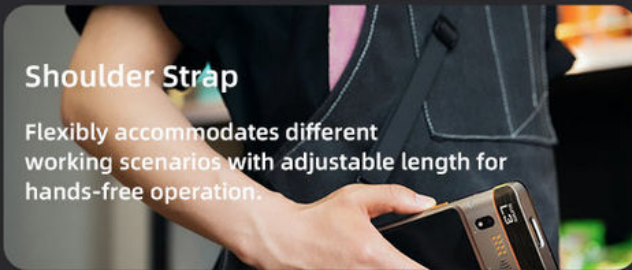

Lanyard

Shoulder Strap

Flexibly accommodates different working scenarios with adjustable length for hands-free operation.

Shoulder Strap

Single Charging Base

Supports device charging

Single Charging Base

4-Slot Battery Charger

Charges up to 4 batteries with intelligent charging management.

4-Slot Battery Charger

4-Slot Charging Base

Charges up to 4 devices simultaneously, even with protective cases and hand straps attached.

4-Slot Charging Base

Trigger Handle

Designed for high-intensity barcode scanning in warehousing, manufacturing, and logistics.

Trigger Handle

Applications:

Product Application Occasions and Scenarios for the Sunmi L3 Data Collector:

The Sunmi L3 Data Collector is a versatile and user-friendly data collection tool that is ideal for a variety of application occasions and scenarios:

Data Collection with GPS Tracking: The Sunmi L3 is perfect for collecting data with GPS tracking capabilities, making it suitable for field surveys, asset tracking, and location-based data collection tasks.

Inventory Management: The Sunmi L3 can be used for efficient inventory management tasks, such as barcode scanning, stocktaking, and item tracking.

Retail and Point of Sale (POS) Operations: With its user-friendly interface and supported fingerprint feature, the Sunmi L3 is well-suited for retail environments, enabling secure transactions and accurate sales data collection.

Field Service and Logistics: The Sunmi L3's IP68 protection standard and durable design make it an excellent choice for field service technicians, delivery personnel, and logistics professionals who require a reliable and rugged data collection device.

Healthcare and Medical Applications: The Sunmi L3 can be used in healthcare settings for patient data collection, inventory management of medical supplies, and tracking of medical equipment.

Key Features of the Sunmi L3 Data Collector:

Brand Name: Sunmi

Model Number: L3

Place of Origin: China

Certification: CE, FCC, RoHS, MSDS

Minimum Order Quantity: 1

Price: To be negotiated

Packaging Details: 1pc/box, 15pcs/carton

Delivery Time: 4 - 7 working days

Payment Terms: T/T, L/C

Supply Ability: 20000 pieces per month

Camera: 5MP FF Front Camera + 13MP AF Rear Camera

GMS: Supported GMS

Product: Smart Mobile Terminal

IP Standard: IP68 Protection Standard

Fingerprint: Supported Fingerprint

Customization:

Product Customization Services for the Data Collector:

- Brand Name: Sunmi
- Model Number: L3
- Place of Origin: China
- Certification: CE , FCC , RoHS , MSDS
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: 1pc/box,15pcs /carton
- Delivery Time: 4 - 7 working days
- Payment Terms: T/T, L/C
- Supply Ability: 20000 pieces per month
- NFC: Tap On Screen & Tap On The Back(only Non-rfid Version) Support SOFTPOS, EMVCo PCD L1 Certified Support ISO/IEC 14443 TypeA/B , Mifare , Felica , ISO 15693 Support NFC Tag
- Battery: Removable Lithium Polymer Battery 4.4V/5000mAh Support Hot Swap(optional)
- Keyword: Pda Android 14
- Model: Sunmi L3
- Camera: 5MP FF Front Camera + 13MP AF Rear Camera

Keywords: Automated Warehousing System, Real-Time Data Acquisition Device, Portable Data Logger

Support and Services:

Our Data Collector product comes with comprehensive Technical Support and Services to ensure smooth operation and optimal performance. Our team of experts is available to assist you with any product-related queries, troubleshooting, and guidance. Our services include installation support, software updates, training sessions, and maintenance assistance. Rest assured, we are committed to providing top-notch support to enhance your experience with our Data Collector product.

Packing and Shipping:

Product Packaging for Data Collector:

The Data Collector is securely packaged in a sturdy cardboard box to ensure safe delivery.

Inside the box, you will find the Data Collector device, a user manual, and any necessary cables or accessories.

Shipping Information:

We offer worldwide shipping for the Data Collector product.

Orders are processed within 1-2 business days and shipped via a reliable courier service.

Shipping times may vary depending on your location, but tracking information will be provided for each order.

FAQ:

Q: What is the brand name of the Data Collector?

A: The brand name of the Data Collector is Sunmi.

Q: What is the model number of the Data Collector?

A: The model number of the Data Collector is L3.

Q: Where is the Data Collector manufactured?

A: The Data Collector is manufactured in China.

Q: What certifications does the Data Collector have?

A: The Data Collector is certified with CE, FCC, RoHs, and MSDS.

Q: What is the minimum order quantity for the Data Collector?

A: The minimum order quantity for the Data Collector is 1.
