

## Data Collector Streamline Your Data Collection Efforts on Android 14 Sunmi OS with Professional Scan Engine

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Sunmi
- Certification: CE , FCC , RoHs , MSDS
- Model Number: L3
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: 1pc/box,15pcs /carton
- Delivery Time: 4 - 7 working days
- Payment Terms: T/T, L/C
- Supply Ability: 20000 pieces per month

#### Product Specification

- Memory: 4GB RAM+64GB ROM
- Buttons: 1\*Power Button 1\*Custom Button 1\*Volume Button 2\*Scan Button
- Fingerprint: Supported Fingerprint
- GMS: Supported GMS
- Product: Smart Mobile Terminal
- Hyper Wi-Fi: Supported Hyper Wi-Fi
- Processor: Octa-core, Up To 2.2GHz
- Keyword: Pda Android 14

## Product Description

### Product Description:

The Data Collector is a versatile smart mobile terminal designed specifically for professionals working in construction sites or other field environments that require accurate data collection. This rugged device is equipped with essential features to streamline the data collection process and enhance productivity.

One of the key features of the Data Collector is its impressive camera capabilities. With a 5MP FF front camera and a 13MP AF rear camera, users can capture high-quality images and videos of the work site, enabling them to document progress, issues, and other important details with clarity.

Efficiency is further enhanced by the presence of multiple buttons on the device. The Data Collector includes 1 power button, 1 custom button, 1 volume button, and 2 scan buttons, providing users with quick access to essential functions and commands.

In addition to its imaging and button features, the Data Collector also offers reliable fingerprint support for secure access and authentication. This ensures that only authorized personnel can access the device and its data, adding an extra layer of security to sensitive information.

Measuring at 6.75 inches, the display of the Data Collector provides users with a clear and spacious interface for viewing and interacting with data. The large screen size allows for easy navigation and data entry, making the device user-friendly and efficient.

For professionals in need of a reliable and durable data collection solution, the Data Collector is the ideal choice. Its robust construction and long battery life make it a dependable companion for long hours of data logging in challenging environments.

Equipped with GPS tracking capabilities, the Data Collector ensures that data collection is not only accurate but also location-aware. This feature is particularly useful for professionals who need to track their movements and activities in the field, providing valuable insights for analysis and decision-making.

In conclusion, the Data Collector is a powerful and efficient tool for professionals in various industries. Its combination of advanced features, rugged construction, and long-lasting battery life make it a valuable asset for any fieldwork requiring precise data collection and GPS tracking.

### Features:

Product Name: Data Collector

GMS: Supported GMS

Fingerprint: Supported Fingerprint

Feature: Android Pda Barcode Scanner

Interface:

1\*Type-C

6\*Pogo PIN At The Bottom For Connecting Accessories

8\*Pogo PIN On The Back For Connecting Accessories (Optional)

Touch Screen: Multi-Touch Capacitive

### Technical Parameters:

Model	Sunmi L3
Displays	6.75

## Optional accessories to boost efficiency

### Tempered Glass Screen Protector

Shields the screen from scratches, cracks, and daily wear.

### Tempered Glass Screen Protector

### Protective Case

It tightly fits the device for effective drop protection while extending device lifespan, with a slim and light design that maintains usability.

### Protective Case

### Hand Strap

Ensures a secure grip during operation, reducing accidental drops.

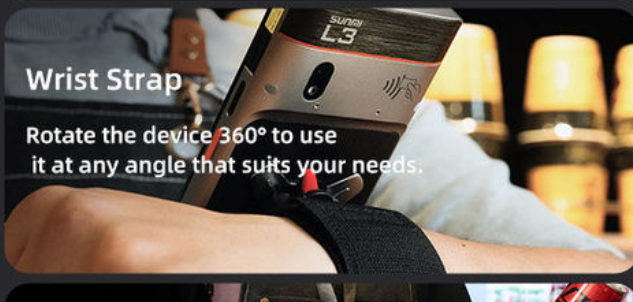

### Hand Strap

### Wrist Strap

Rotate the device 360° to use it at any angle that suits your needs.

### Wrist Strap

<p><b>Lanyard</b></p> <p>Designed for mobile work environments with secure clips to keep the device accessible while freeing up hands.</p> 	<p><b>Lanyard</b></p> 
<p><b>Shoulder Strap</b></p> <p>Flexibly accommodates different working scenarios with adjustable length for hands-free operation.</p> 	<p><b>Shoulder Strap</b></p> 
<p><b>Single Charging Base</b></p> <p>Supports device charging</p> 	<p><b>Single Charging Base</b></p>

<p><b>Trigger Handle</b></p> <p>Designed for high-intensity barcode scanning in warehousing, manufacturing, and logistics.</p> 	<p><b>Trigger Handle</b></p> 

## Applications:

Sunmi L3 Portable Data Logger is a versatile device designed for a wide range of Product Application Occasions and Scenarios. With its advanced features and high-quality construction, it is the perfect solution for various industries and environments. One of the key applications for the Sunmi L3 is as an IoT Data Collection Terminal. Its Android 14 Sunmi OS provides a stable and secure platform for collecting and transmitting data in real-time. Whether in a retail setting, warehouse, or logistics operation, the L3 can streamline processes and improve efficiency.

For Construction Site Data Collector purposes, the Sunmi L3 excels in rugged environments. Its durable build can withstand harsh conditions, while the 5MP FF Front Camera and 13MP AF Rear Camera capture detailed images for documentation and analysis. The device's interface, including 6\*Pogo PIN at the bottom and 8\*Pogo PIN on the back for connecting accessories, enhances its functionality on construction sites.

The Sunmi L3 is certified with CE, FCC, RoHs, and MSDS, ensuring compliance with industry standards. It has a Minimum Order Quantity of 1, with pricing to be negotiated based on specific requirements. The Packaging Details include 1pc/box and 15pcs/carton, making it easy to distribute and store.

With a Delivery Time of 4 - 7 working days and Payment Terms of T/T and L/C, the Sunmi L3 offers convenience and flexibility to

customers. Its Supply Ability of 20000 pieces per month ensures a consistent availability for large-scale deployments. Overall, the Sunmi L3 Portable Data Logger is a powerful and reliable device suitable for a variety of Product Application Occasions and Scenarios. Whether as an IoT Data Collection Terminal in retail, a Construction Site Data Collector, or any other data collection needs, the L3 delivers exceptional performance and versatility.

## Customization:

---

Product Customization Services for the Data Collector product:

Brand Name: Sunmi

Model Number: L3

Place of Origin: China

Certification: CE , FCC , RoHs , MSDS

Minimum Order Quantity: 1

Price: to be negotiated

Packaging Details: 1pc/box,15pcs /carton

Delivery Time: 4 - 7 working days

Payment Terms: T/T, L/C

Supply Ability: 20000 pieces per month

Product: Smart Mobile Terminal

Buttons: 1\*Power Button 1\*Custom Button 1\*Volume Button 2\*Scan Button

Battery: Removable Lithium Polymer Battery 4.4V/5000mAh Support Hot Swap(optional)

Scanner: Professional Scan Engine (Optional)

Camera: 5MP FF Front Camera + 13MP AF Rear Camera

## Support and Services:

---

Our Data Collector product comes with comprehensive Product Technical Support and Services to ensure smooth operation and optimal performance. Our technical support team is available to assist you with any questions, troubleshooting, or issues you may encounter while using the Data Collector.

Our services include regular software updates, maintenance checks, and product training to help you get the most out of your Data Collector. We are committed to providing top-notch support to help you succeed in your data collection tasks.

## Packing and Shipping:

---

Product Packaging:

The Data Collector product is carefully packaged in a sturdy cardboard box to ensure safe transportation. It is wrapped in protective bubble wrap and includes an instruction manual for easy setup.

Shipping:

We offer fast and reliable shipping for the Data Collector product. Orders are typically processed within 1-2 business days and shipped via a trusted courier service. You will receive a tracking number to monitor your shipment's progress.

## FAQ:

---

**Q: What is the brand name of the Data Collector product?**

**A: The brand name of the Data Collector product is Sunmi.**

**Q: What is the model number of the Data Collector product?**

**A: The model number of the Data Collector product is L3.**

**Q: Where is the Data Collector product manufactured?**

**A: The Data Collector product is manufactured in China.**

**Q: What certifications does the Data Collector product have?**

**A: The Data Collector product is certified with CE, FCC, RoHs, and MSDS.**

**Q: What is the minimum order quantity for the Data Collector product?**

**A: The minimum order quantity for the Data Collector product is 1.**
