Comprehensive Payment Acceptance: Swipe, dip, tap, or scan! Accept EMV chip cards (via optional reader), contactless NFC payments (Type A/B, Mifare, Felica), and all major QR code payment systems with the dedicated camera. PSAM card slot ensures bank-grade security for transactions.

Fast & Professional: The powerful hexa-core processor and SUNM OS 4.0 guarantee swift transaction processing. Integrated thermal printer provides instant receipts.

Reliable Connectivity for Transactions: Dual-band Wi-Fi and Dual Nano SIM slots offer flexible, reliable connections to payment gateways, minimizing downtime.

Built-in Security: Fingerprint login restricts device access, while compliance with key standards (ISO/IEC 14443, 15693, 7816) ensures secure data handling.

Mobile Payment Freedom: Compact, lightweight design (approx. 670g) with removable battery enables secure mobile payments at pop-up events, tableside, or in the queue.

Application:

Ticketing & Entry Management (Events/Attractions):
Processes ticket sales, membership signups, or entry fees at event gates, museums, or amusement parks. Scans QR/barcode tickets, handles payments, and prints receipts or passes on the go.

Trade Shows & Exhibitions:
Exhibitors capture leads, process on-the-spot orders/deposits, issue invoices, and collect contact information using the V3Mix. The customer screen can display branding or product information during the transaction.
