- Cpu: Qualcomm Hexa-core 2.4/2.0GHz
- Display: 10.1Inch
- Highlight: **SUNMI V3 MIX POS terminal with barcode scanner**
, 10.1 inch POS terminal with dual SIM,
POS terminal with barcode scanner and warranty

Product Description

Products Description:

| | |
|-------------------------|---|
| Product Name | Smart Mobile Terminal |
| Fingerprint | Only for login |
| Cradle | Optional |
| Cradle Customer Display | Optional |
| Battery | Removable Lithium battery 7.2V/2600mAh |
| PCI PTS 6.x Certified | End-to-end encryption for secure transactions |

For upscale dining, servers use the V3 Mix's handheld mode (670g) to input orders tableside via the 10.1" HD touchscreen, sending tickets instantly to kitchen/bar via Wi-Fi 6. The optional 6.7" customer display shows itemized bills for transparency, while PSAM slots encrypt card data for PCI compliance. At closing, hexa-core power generates sales reports in 5 secs, and the removable battery swaps for continuous service during 12-hour shifts.

Why V3 Mix Excels:

- Dedicated "Course Fire" button staggers appetizer/main/dessert timing
- Felica NFC reads Japanese meal vouchers/reservation cards
- RJ45 cradle integrates with existing kitchen display systems (KDS)
- -10°C~50°C tolerance handles freezer-to-grill temperature swings

Application:

Ticketing & Entry Management (Events/Attractions):

Processes ticket sales, membership signups, or entry fees at event gates, museums, or amusement parks. Scans QR/barcode tickets, handles payments, and prints receipts or passes on the go.

Trade Shows & Exhibitions:

Exhibitors capture leads, process on-the-spot orders/deposits, issue invoices, and collect contact information using the V3Mix. The customer screen can display branding or product information during the transaction.
