## Product Description

### Products Description:

PSAM Card Slot	PSAM Card slot, complies with ISO7816 standard, 3.0V/1.8V	
SIM Card Slot	Dual Nano SIM Card slot, supports 3.0V/1.8V	
SD Card Slot	MicroSD *1	
Fingerprint	Only for login	
Power Adapter	Input: AC100-240V,Output: 5V/2A	
Dimensions	246*231*73mm	
Weight	670g (58mm)	710g (80mm)
Environment	Operating temperature: 0 ~45 (except 3D camera)	
Storage temperature:	-20 ~60	
Cradle (Optional)	For charging, 3*USB Type A, RJ11, RJ45	
Cradle Customer Display (Optional)	USB GFD 6.7" touchscreen	

Transform checkout experiences with the V3 MIX – a compact yet mighty Android terminal (SUMMI OS 4.0) built for seamless payments. Equipped with a professional 2D scanner, NFC reader (supports Type A/B, Mifare, Felica), and 0.3MP QR payment camera, it handles every payment method: cards, mobile wallets, and QR codes. Dual Nano SIM slots ensure uninterrupted connectivity, while bank-level security comes standard with PSAM slots (ISO 7816) and fingerprint login. The integrated 58mm thermal printer (70mm/s speed) delivers instant receipts, making it perfect for retail, food trucks, and pop-up stores.

### Application:

In bustling burger joints or coffee shops, every second counts. The V3 Mix's 0.3s ultra-fast thermal printing slashes order-to-kitchen latency, while its dual display support (main 10.1" HD + 6.7" customer screen) lets cashiers confirm orders visually – reducing errors by 30%. The IP54-rated waterproof body survives spills and grease, and kitchen printer integration auto-splits orders to fry/stove stations. With 1D/2D barcode scanning, loyalty redemptions become single-tap ops during peak rushes.

### Why V3 Mix Excels:

- 58mm high-speed printer handles 300+ receipts/hour
- Stain-resistant keypad & tiltable screen for messy counters
- NFC/Magstripe/QR supports all mobile wallets (Apple Pay, Alipay)
- Dual SIM slots ensure backup connectivity during network outages
