Perfect for retail POS, hospitality, and logistics—where speed meets reliability.

Application:
Pharmacy & Healthcare Retail
Process prescriptions securely: Scan medication barcodes, manage insurance claims, and print labels. HIPAA-compliant Android OS ensures data security. Customer screen displays dosage instructions or loyalty points.

Hotel Front Desk & Concierge
Check-in/out guests, issue key cards (via magnetic stripe encoder), and process payments. Secondary screen shows reservation details, room charges, or local guides. Connects to PMS/booking systems via API.

Drive-Thru Order Stations
Withstand high-noise environments: Use the dual screens to display orders to kitchen staff (main) and confirm totals/payments with customers (secondary). Noise-canceling mic and 4G connectivity ensure reliability.
