Extrernal Memory	1*Micro SD (TF card)

10" customer display (Option
with NFC Tap on Glass to
support SoftPOS) .

Feature highlights: The SUNMI D3 PRO Android POS system features a 15.6" FHD display, 4GB RAM + 64GB ROM, and runs on Android 13 with a Qualcomm hexa-core processor. It supports NFC, LAN, dual-band Wi-Fi, and Bluetooth 5.0, and includes CE, FCC, and RoHS certifications ensuring compliance with international safety standards and offering market access advantages.

Application:

High-Throughput Supermarket Checkout

Deploy at main counters for rapid scanning, weighing (via connected scales), and payment. The dual screens display cart totals/promotions to customers while cashiers manage transactions. Built-in 2D barcode scanner and PCI-certified payment processing handle long queues efficiently.

Full-Service Restaurant & Café Management

Replace traditional POS stations with D3Pro for order entry, kitchen printing (via RJ45/RS232), and payment. Customer-facing screen shows itemized bills and promotions. Integrates with kitchen display systems (KDS) and supports split bills/tips.

Fashion & Electronics Retail

Enable complex sales workflows: Staff access CRM tools on the main screen while customers view product details/offers on the second screen. Supports returns, multi-item discounts, and gift card processing via integrated peripherals.
