SUNMI M2 MAX Enterprise Tablet

Professional, powerful and efficient.

Product Description

The Sunmi M2 MAX All-in-One Smart POS Terminal is designed to revolutionize checkout experiences in retail environments. Built with a powerful quad-core processor clocking up to 2.0GHz, it handles high-volume transactions seamlessly, eliminating lag even during peak shopping hours. Its 10.1-inch high-definition touchscreen delivers crisp visuals and responsive touch control, making it easy for cashiers to navigate payment apps, inventory systems, and customer databases with just a few taps. Equipped with an 8000mAh removable battery, the M2 MAX supports 12 hours of non-stop use—perfect for stores without fixed power outlets or for pop-up retail events. It also offers versatile connectivity options, including Wi-Fi 6 for fast wireless data transfer, Bluetooth 5.2 for connecting receipt printers and barcode scanners, 4G LTE for outdoor or remote locations, and an Ethernet port for stable wired connections. Whether you run a small clothing boutique or a busy supermarket, the M2 MAX streamlines checkout processes, reduces customer wait times, and enhances overall operational efficiency.

Product Advantages

Reduces checkout time by 40% compared to traditional cash registers, thanks to high-speed processing and one-touch payment options.

Eliminates downtime with a long-lasting removable battery—swap batteries in 30 seconds without shutting down the device.

Supports multiple payment methods (credit/debit cards, mobile wallets like Apple Pay/Google Pay, QR codes), catering to diverse customer preferences.

Lowers maintenance costs with durable, commercial-grade hardware that resists scratches, spills, and daily wear and tear.

Product Features

Powerful 2.0GHz quad-core processor for smooth multitasking (running payment software, inventory tracking, and customer loyalty programs simultaneously).

10.1-inch HD touchscreen with anti-glare coating, ensuring visibility even in bright store lighting.

Integrated NFC reader, barcode scanner, and thermal receipt printer (optional) for all-in-one checkout functionality.

IP54 dust and water resistance rating, protecting the device from accidental spills or dust accumulation.

Cloud-based management system compatibility, allowing real-time sales tracking, inventory updates, and remote device monitoring.

Packing list and package :

Sunmi M2 MAX * 1

Adaptor * 1

Warranty card and user manual * 1

USB cable * 1

1pc in one box.

FAQ

Could you provide product samples?

Yes, we can provide some free samples, but you must pay for the express delivery.

What are your delivery terms?

We accept FOB, CFR, CIF, etc. You can choose the most convenient or the most cost-effective one.

How quickly can I get the product quotation?

We usually quote within 24 hours after receiving your inquiry. If you urgently need to obtain the price, please feel free to call us or give us your email so that we can give priority to your inquiry.

Could you print our logo on the product?

Yes. We can print your logo on the product. There are laser and silk-screen coloring methods.

How is the preparation time for shipment?

To be honest, it depends on the order quantity and the season when you place your order. As usual, the delivery time for sample orders is approximately 3 to 7 working days. The delivery time for bulk orders is approximately 8 to 15 working days.

What payment methods do we have?

We have many payment methods. We have different payment methods for different countries, (wire transfer, PayPal, Western Union...) Please contact our colleagues to learn about the detailed payment methods.
